### Manhattan Gets Fighting Campaign

### Democrats, Republicans Lambaste Candidacy of Roosevelt Son

New York, May 9 (AP)—Manhattan's crowded West Side is being treated to an old-fashioned, rip-roaring political fight over Franklin D. Roosevelt, Jr.'s bid for a place in Congress.

Street corner rallies, sound truck salutes, house-to-house canvasses, campaign buttons, placards by the thousands—all the trappings of a full-fledged campaign—are present, although the special election May 17 involves only the 20th Congressional District seat.

Young Roosevelt, first of the late president's five children to seek elective office, seems by common consent of his three opponents to be their target.

The petitions filed for him bearing 25,630 signatures, possibly would have won him this position aside from his name and background. Some observers think 25,000 votes will win the election. They realize, of course, that all who signed may not vote for Roosevelt or even vote at all.

There were 124,412 votes in the 20th district in the 1948 general election. Experience in past special elections indicates that 60,000 ballots would be a high figure next week.

At any rate, the three other candidates have taken out after Roosevelt.

Dr. Annette Rubinstein, the American Labor Party nominee, refers to the 35-year-old lawyer as "Junior" and describes him as (Continued on Page 2, Col. 7)

## Boysen Is Held On Theft Charge

### Durocher's Accuser Faces Nurse, Who Says She Wants Her \$52

New York, May 9 (AP)—Fred Boysen was arrested in a Manhattan courtroom on a handbag theft charge today shortly after he withdrew a summons accusing Leo Durocher of the New York Giants of simple assault.

The complainant identified herself as Mary Ryan, Negro registered nurse.

Boysen, a Brooklyn baseball fan who accused Durocher of knocking him down after a Dodgers-Giants game April 28, was ordered to remain in the courtroom while a complaint was drawn up against him.

Later, Boysen was taken before Magistrate Doris L. Byrne. A warrant officer told the court that Miss Ryan believed Boysen was one of two men who assaulted her, then stole her purse on March 27 at 124th street near Morningstar avenue.

Boysen denied the charge. "I was never in that vicinity," he said. "I'm jobless, but I don't go around taking other people's money."

The woman related that she saw Boysen's picture in the paper after his alleged clash with Durocher. She said she communicated with Edgar Peely, attorney for the Giants, and that Peely advised her to be in court today. "Do you or don't you want to press a charge against this man?" the magistrate asked the woman. "I want my money back," replied the nurse. She said her purse contained \$52.

### Eugene Wilson, 28, Dies in Hospital; Truck Driver Injured

Eugene G. Wilson, 28, of Malden-on-Hudson died at the Greene County Memorial Hospital in Catskill Sunday afternoon as the result of a motor vehicle accident on Route 9W at 3:15 p. m. Saturday, state police reported.

Wilson was a passenger in a pickup truck driven by Joseph Scarselli, 44, of R.D. 3, Saugerties; state police said. The truck was traveling south and about three and one-half miles south of the village of Catskill failed to make a left turn and overturned off the highway, troopers reported.

Dr. Mahlon Atkinson of Catskill, Greene county coroner, has announced that his verdict is pending. Death was due to a cerebral hemorrhage, he said.

Scarselli, driver of the truck, was admitted to the Greene County Memorial Hospital for treatment of lacerations to the face and a possible back injury, state police said.

An investigation is being conducted by the coroner and state police from the Catskill sub-station.

Another accident, which caused injury to three persons, was reported by state police at Catskill Sunday evening at 8:30 o'clock. An automobile owned and driven by Fernando Quinones, 26, of 96 Broad street, Catskill, was traveling east on Route 23 one mile west of Catskill and left the highway, struck the guard rail, a fire hydrant, then overturned, troopers said. Injured were the driver, who suffered shock, lacerations to the face and a compound fracture of his leg; also his brother, Manuel Quinones, 25, same address, who suffered a lacerated right ear and face, and Abelino Plaza Alvarez, 23, of Grand View avenue, Catskill, who had a possible fractured left shoulder and lacerations. All three were admitted to the Greene County Memorial Hospital.

Leavitt Promoted

The promotion of Second Lieutenant Urban J. D. Leavitt, battery commander, Service Battery, 156th Field Artillery Battalion, New York National Guard, to first lieutenant was made effective April 27, it was announced today.

Leavitt has been battery commander of Service Battery since March, 1948. A member of the organization since federal activation in November of 1947, Lt. Leavitt was a member of the Army Air Corps from January 1943 until his discharge in March 1946.

Later, Boysen was taken before Magistrate Doris L. Byrne. A warrant officer told the court that Miss Ryan believed Boysen was one of two men who assaulted her, then stole her purse on March 27 at 124th street near Morningstar avenue.

Boysen denied the charge. "I was never in that vicinity," he said. "I'm jobless, but I don't go around taking other people's money."

The woman related that she saw Boysen's picture in the paper after his alleged clash with Durocher. She said she communicated with Edgar Peely, attorney for the Giants, and that Peely advised her to be in court today. "Do you or don't you want to press a charge against this man?" the magistrate asked the woman. "I want my money back," replied the nurse. She said her purse contained \$52.

**Business Increase In Kingston Goal Of Local C. of C.**  
The fact that the Kingston Chamber of Commerce is developing an aggressive, well-balanced community service program, through the work of 10 active committees, was announced by President Robert E. Teetsel today. The primary function of the Chamber said Teetsel "is to increase the total volume of business." This includes a larger total community payroll. It takes a broad program to bring this about, he said.

At the present time special efforts are being made in several fields including the promotion and increased sales of local industrial products, promotion of Kingston as a good place to shop, publication of an attractive folder to help attract visitors and vacationists, help in every possible way to attract conventions, promote and work for the ultimate completion of a Kingston-Rhinecliff Bridge, promote area relations and maintain a public office of general community information.

Teetsel pointed out that the only source of finances to carry on this broad program is through membership subscriptions. If sufficient funds are forthcoming the program can be expanded and more money allotted to the more effective parts of the program or new projects launched.

**To Meet Tonight**  
The membership committee will have a meeting tonight to make final plans for the personal solicitation which is scheduled to start next Monday. The committee appreciates the excellent response to the campaign which already accounts for 166 membership subscriptions up until noon today. Every subscription received by mail saves some busy, voluntary worker, time and effort.

President Teetsel pointed out that Chamber of Commerce membership is an investment in building a better community. The investment, he said, "can be protected by making constructive suggestions and taking an active part in the development of the kind of a program which is desired."

"Professional men also have an important stake in community improvement," Teetsel said. "Their financial support is needed even if they do not have time to devote to program development. Increased business is of direct benefit to all professions and service agencies," he added.

**600 Goal Set**  
The directors have set 600 memberships as the minimum goal for this year. A review of prospects by the membership committee indicated that many now benefit by the Chamber of Commerce program who have not been invited to subscribe membership. This opportunity will be provided within the next 10 days.

Recently a small folder was prepared outlining the value received for money invested in Chamber of Commerce memberships. If anyone is interested in receiving a copy of this folder it may be obtained by calling the office, Kingston 5100. It was first released about 10 days ago.

**Carthage was founded in Africa, near Tunis, by Dido, sister of Pygmalion, King of Tyre. It was burned in 146 B.C. and rebuilt 19 B.C.**

**DIED**  
SHADER—Entered into rest Saturday, May 7, 1949, Mrs. Margaret Shader, nee Clancy, wife of the late William Shader, mother of James W. and Donald V. Shader, and Mrs. James Smith, daughter of Mrs. Rachael Wood and sister of William Clancy and Warren Wood.

Relatives and friends are invited to attend the funeral from the Jensen & Deegan Funeral Home, 15 Downs street, Wednesday morning at 8:30 and 9 o'clock at St. Mary's Church where a Mass of requiem will be offered for the repose of her soul. Burial in the family plot in St. Mary's Cemetery.

**Gloversville Woman Was Millionth Visitor**  
Hyde Park, N. Y., May 9 (AP)—Mrs. Arch Fear of Gloversville, N. Y., yesterday became the millionth visitor to the Roosevelt home since it was opened as a national historic site on April 12, 1946.

Mrs. Fear was accompanied by her husband, a Gloversville dairyman. She was greeted by two guards who informed her she was the 1,000,000th person to visit the home. There was no ceremony. Mrs. Fear remarked that it was quite a Mother's Day surprise.

**New York City Produce Market**  
New York, May 9 (AP)—Flour irregular: (72 per cent extraction-100 lbs.) spring patents 5.55-5.65; eastern soft winter straights 5.25-5.35; hard winter straights 5.50-5.70.

Rye flour steady: Fancy patents (100 lbs.) 4.05-3.85; Cornmeal easy: (100 lbs.) white granulated 5.45-75N; yellow 4.45-75.

Buckwheat steady: Export and domestic (100 lbs.) 2.50N. Feed firm: Western bran, per ton, basis Buffalo 58.00A.

Beans steady: (Jobbing sales on spot market-100 lbs.) pea 8.55-75; red kidney 9.85-10.00. N. Nominal A-Asked. Butter (2 days receipts) 718.648, steady.

Wholesale prices on bulk cartons. Creamery, higher than 92 score (AA) 61 cents 92 score (A) 60. 90 score (B) 58 1/2. 89 score (C) 57-57 1/2. Cheese (2 days receipts) 282, 447, irregular.

Wholesale sales, fresh American cheese (two milks). Cheddars 32 1/2-34 1/2 cents. Cheddars (grass 1947) 38-39. Cheddars (grass 1948) 45-52. Cheddars (grass 1948) 45-52. Single daisies (grass 1948) 46-52. Single daisies (grass 1948) 46-52. Flats 33 1/2-36. Flats (grass 1948) 48 1/2-54. Flats (grass 1948) 48 1/2-54. Midfats (grass 1948) 53. Midfats (grass 1948) 53. Cured 56-58. Domestic Swiss (single tubs) 57-60, others 48-56. Eggs (2 days receipts) 24.095, steady.

**French Paper Seized; Showed Nude Photos**  
Paris, May 9 (AP)—The weekly newspaper, France-Dimanche, was seized by police over the week-end before it hit the streets, with pictures of Princess Margaret and party in Italy.

**Local Death Record**  
Peter Gregory Trull, son of Mr. and Mrs. Samuel G. Trull, Jr., of 1 Delta Place, died in Kingston on Sunday, May 7, 1949, at the age of 1 year, 11 months and 11 days.

Mrs. Ruth Radney Mahan died in New York on Saturday, May 7. She leaves two daughters, Mrs. George Collier of West Hurley and Mrs. Willard Bickford of Baton Rouge, La.; her mother, Mrs. Harriet Radney of Longmeadow, N. Y.; and five grandchildren, and a great-grandchild.

**Late Bulletin**  
Detroit, May 9 (AP)—Acting Detroit Mayor George Edwards made personal appeals to Henry Ford II and Walter Reuther today to try to settle the five-day strike of 65,000 Ford workers.

Edwards, a former organizer for the C.I.O. United Auto Workers proposed three alternatives to the Ford Motor Co. president and Reuther, president of the U.A.W. Resumption of direction negotiations, broken by a few minutes' delay, was started last Thursday noon.

Mediation of the "speed-up" dispute by Detroit's labor-management-citizens committee. (Both Ford and Reuther helped set up this group.) Mediation by Edwards himself.

**Bell Is Arrested On Rape Charge; Woman Also Held**  
Franklin Bell, 20, alias Joe Bell, was arrested at 49 Cedar street this morning by County Investigator Clayton Vredenburg and Detective William Krum on a bench warrant charging him with second degree rape and second degree assault, the sheriff's department reported.

At the same time, Vredenburg and Krum arrested Mrs. Bertha Lillian Humphrey, 39, alias Bertha Starr, at the same address, charged on a bench warrant with the Penal Law, which deals with endangering the health of a child, the sheriff's department said.

Both were lodged in the county jail for arraignment in county court later this afternoon. They were indicted by the February grand jury and arrested on warrants signed by County Judge John M. Cashin.

Sheriff George C. Smith said Bell was charged with rape and assault allegedly committed about a year ago on a 15-year-old girl, whose name was withheld.

Mrs. Humphrey, the sheriff said, is the common law wife of Jesse Starr of Marlborough, who was indicted by a similar charge in February on a bench warrant for endangering the health of a child and who was scheduled for trial in the county court this afternoon.

**Highland Man Injured By Unknown Driver**  
John Monforte, 24, of Highland was struck and injured by an automobile on Route 44-55 at 11:40 p. m. Saturday, state police reported. The driver of the automobile stopped, helped Monforte mobile into Monforte's own automobile, then drove away without identifying himself, state police said.

Monforte was driving along Route 44-55 when one of his headlights went out. Monforte got out of his car to fix it, when the accident occurred, state police said. After the unidentified driver, who was the husband, drove him to St. Luke's Hospital in Newburgh, where it was found he suffered from a fractured lower left leg, state police said.

**Financial and Commercial**  
New York, May 9 (AP)—A heavy-footed stock market waltzed today in a thorough mixture of gains and losses.

Aside from the motors group, there was virtually no trading enthusiasm in sight. Occasional selling pressure in the other classifications served to give minus signs a slight margin over pluses.

Prices of leading stocks held to a narrow groove, rarely moving up or down more than small fractions. Chrysler and General Motors performed ably at times in post-upward swings in higher fractions, with Studebaker also moving ahead.

Rails, metals and utilities were mixed, while steels generally were off fractions. Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, New York City, branch office, 41 John street, R. B. Osterhoudt, manager.

**THE RUMINATOR**  
A Column of Contrary Opinion  
By HUMPHREY B. NEILL

The involved international chess game is scheduled to open May 23. The western powers have the first move. With the world kibitzing over their shoulders, the four foreign ministers will once again commence the diplomatic contest which twice before has frayed nerves.

Let us, for a few paragraphs, be contrary to the gloomy remarks one hears—"this is only another trick of the Russians." "We'll be knifed in the back and lose all Germany before we're through." "Just another appeasement move." . . . and similar typical comments of present-day hopelessness.

While there is no excuse for complacency, neither is there any warrant for despair. Cold facts demonstrate the Russians have made the first retreat in the cold war. Cynics may term it a tactical retreat to gain other larger victories. That is only true if the western powers fail to follow up their first, small advance. Having promised and backed by broken promises and bad faith, it is a fair assumption that they will not this time be out-manuevered and out-traded.

The western powers now have powerful reserve forces to back up their strategy. The North Atlantic treaty, the "Marshall Plan," a proposed government for western Germany, the new European opinion among 50 nations that has become openly anti-communistic. The Ruminator believes that when the long-view history is written concerning the postwar era, it will be found that the Russian attitude has done more to solidify the western world than if international affairs had been peaceful and neighborly. This country, for example, never would

have comprehended the communist menace, never would have bothered to think about communism, if Russia had said after the war: "We differ in ideologies, but let's be good friends anyway. We shall not interfere with you and your way of life, and we know you will not try to change us." The great majority now recognizes the treacherous dangers in communism and is ready to combat them.

It is from this depth of understanding—however black or pessimistic—that a better world will arise. We have learned, certainly, the worst aspects of a two-world blockade of ideas. Just as the Berlin blockade is now to be lifted, there is the probability of lifting the two-world blockade in the longer future.

This is not to imply that everything will now be easy going. To the contrary, the road ahead is rough and stony. But the wheels have started to grind up the long hill. A slow start, always precedes a hill pull. Once over the summit, the difficulties by standing still.

Enough of this writer's philosophy. Looking at the situation now prevailing, the economic outlook may be interrupted more favorably. The stock market (contrary to many guesses) has confirmed the views of this column. It returned strong Wednesday, in response to the proposed ending of the blockade and arrangements for a meeting of the foreign ministers. A rising stock market would be a strong stimulant to business at this juncture in our shift from deflation to deflation. The public needs a "lift." Business needs encouragement. Confidence is shaken, but if the market should continue to rise, spirits would lift likewise.

**Manhattan Gets**  
of the du Pont family—"or should I say, late of du Pont?" Roosevelt's wife, the former Ethel du Pont, now is in Reno to seek a divorce.

**Special Program**  
In observance of the first anniversary of the establishment of the State of Israel, Rabbi Frank D. Plotke of Congregation Ahavath Israel, will speak at a special radio program Tuesday at 11:15 a. m. on WKNY.

**Roedell Seizes . . .**  
that "other evidence" was also confiscated.

**Held for Grand Jury**  
Also arraigned before City Judge Mino today was James Arthur Reilly, Jr., 16, of Lagrangeville, Dutchess county. He waived examination and was held for the grand jury on a first-degree grand larceny charge.

The arrest followed a report at 6:25 a. m. Sunday that the auto of Gerald McKiltrie, 28, of Clinton avenue, had been stolen from the parking lot near Rider's service station on Clinton avenue, had been wrecked at Highland.

Detective Clarence Brophy and Officer Ernest Bartruff were assigned to contact the state police at Highland for detailed information.

They learned that the car in which young Reilly and Edward Spaulding, 18, of May street, Poughkeepsie, had been riding, was wrecked when it struck a center island on Route 9W about a mile below the state police barracks.

Sparks suffered a concussion and was taken to Vassar Hospital, Poughkeepsie, where his condition today, the police said, suffered from a fractured skull, and was brought back by the local officers for arraignment today. His statement was taken by Capt. William T. Roedell.

The other arrests over the week-end were on minor charges. Five men were held on public intoxication charges, four for disorderly conduct, and the other week-end arrests were for traffic violations.

Yellow fat on beef is a better source of vitamin A than the more commonly favored white fat.

four months by Election Day. The Republican spokesman said Roosevelt filed an affidavit with the Board of Elections April 29 saying he had been a city resident for more than two years.

Roosevelt said Lefkowitz had given his address as Woodbury, Snyosset, in Nassau county on Long Island, in Motor Vehicle Department applications last January 27 and February 7.

The Republican move against Roosevelt is an application for a court order directing him to show cause Wednesday why his name should not be removed from the registry of voters in the 20th District.

Roosevelt's campaign manager, Charles Horowitz, said the Republican challenge was apparently "without merit and only a publicity stunt."

**Players Fined**  
Stamford, Conn., May 9 (AP)—President John A. Scailzi, Jr., of the Colonial Baseball League today handed down punishment verdicts involving two Bridgeport Bees pitchers. Nate Waterman was fined \$20 and suspended for three days, and Bob Shanon was fined \$10. The trouble occurred in Saturday night's Bridgeport-Stamford game on a forced play decision at second base. Scailzi said Waterman and Sharp bumped Umpire George Syby.

**"Squalls" Predicted**  
Chicago, May 9 (AP)—Frequent squalls of uncertain duration were predicted today for the home of U. S. Weather Forecaster Oscar E. Richard. His wife, Mary, observed Mother's Day yesterday by giving birth to triplets, two girls and a boy. Richard, who is 31, said the shower of infants was totally unexpected.

**Mrs. F. D. R. Re-named**  
Lake Success, May 9 (AP)—Mrs. Franklin D. Roosevelt was re-elected president of the U.N. Commission on Human Rights today. Other officers re-elected are: Dr. P. C. Chang of China and Rene Gassin of France, vice chairmen; and Dr. Charles Malik of Lebanon, rapporteur (secretary).

While the body posed at the funeral home, many friends called to pay their respects and offer condolences to the bereaved relatives. The Rt. Rev. Msgr. Stephen P. Connelly also called and recited the Rosary. Bearers were Sidney Lane, Fritz Kanmann, Elton Doughty, Morgan Ryan, Frank Stopski and James M. Krom.

**Senator Wicks Gets**  
by Chief of Police Raymond Van Buren, purporting to have been written by a school child who apologized for writing the threatening letter to the mayor. Handwriting in all three letters appears to be similar.

**Cabs Operate in Strength**  
San Francisco, May 9 (AP)—San Francisco's cabs were back at full strength today after a 128-day strike. The Yellow and Plymouth Cab Companies agreed to a \$9.75 daily minimum wage or 50 per cent of weekly receipts, whichever was higher. The union, which asked \$8.00, had settled with three other companies earlier on that basis. The scale before the strike was \$9 or 49 per cent.

**Evening Verse**  
(For Your Supperbook)  
By DANIEL L. O'CONNOR  
IT WON'T BE LONG  
The sun is high . . . the day is bright  
My thoughts are taking sudden flight  
To balmy summertime.  
My thoughts include a mountain camp  
Beside a placid lake  
And if I had Aladdin's lamp  
I know the wish I'd make.  
The city holds no charms for me  
When fish are seething food . . .  
I vision trout I yearn to see  
In eager fighting mood.  
Vacation time is still a dream  
But weeks are on the wing.  
And happy hours beside a stream  
Are dreams that come in spring.  
The open road . . . a glossy tune  
Will coax a happy song  
So if your heart is set on June  
Here's news! It won't be long!

## What Congress Is Doing Today

(By The Associated Press)

(Times are Eastern Standard)

Senate

Debates two per cent retail sales tax for Washington (passed by House).

Foreign Relations Committee hears Robert Patterson and other witnesses on Atlantic Pact.

Commerce Committee continues investigation of airline industry.

Armed Services Subcommittee continues investigation of Malmady massacre trials.

Joint Committee on Intergovernmental Relations hears governors of several states on proposal to set up national intergovernmental commission.

House

Considers bills to authorize housing census and payment of Swiss war damage claims.

Banking Committee hears congressmen on public housing bill.

Supreme Court

Meets at 11 a. m. in opinion day session.

### Ships Keep Up Steam

Tokyo, May 9 (AP)—Vice Adm. Russell S. Berkeley, commander of U. S. naval forces in the Far East, said today American ships in Tsingtao, China, are keeping up steam to pull out the minute the Communists show up. He returned here from Tsingtao yesterday.

Berkeley said the U. S. naval craft would remain in the harbor until Tsingtao is occupied. As far as is known, he said, all Americans in the Tsingtao area who desire to leave have been evacuated.

## Andy Day Dreams Of Life With Mother

Latrobe, Pa., May 9 (AP)—If 10-year-old Andy Tompos, Jr., daydreamed at his school desk today, no one could blame him much.

When a guy's prayers for the return of his mother are answered, readin', writin' and 'rithmetic just don't seem so important for the moment.

You see, Andy had a mother all along, but five years ago she disappeared, leaving the youngster to live with his grandparents. His father vanished before Andy was born.

Four weeks ago Andy thought of the Easter rabbit and—dilled with the infinite faith of childhood—wrote a letter to the Pittsburgh Sun-Telegraph.

"Everybody who has a mother has good luck," he wrote. "Maybe my Easter bunny will bring me my mother."

Andy's letter was printed and miles away—in an unnamed city—the little boy's mother read that letter in a newspaper.

"I just went limp all over," she said later. "I've never forgotten the boy. I never could."

She sat down and wrote Andy a letter, telling him she had a new daddy and a baby brother for him. Arrangements were made for Andy to fly to a Mother's Day reunion with her.

He took with him the biggest Mother's Day card he could find and signed it—"I love you, Andy."

And now Andy is back at school in Latrobe. He'll stay here until the summer vacation, then he'll rejoin his mother, his new father and baby brother.

That's why Andy Tompos, Jr., probably didn't have his mind on his school work today.

### Jewel Theft Reported

White Sulphur Springs, W. Va., May 8 (AP)—Insurance investigators today were probing the reported theft of about \$30,000 worth of jewelry from Mr. and Mrs. Ronald Balcom, socially prominent New York and Palm Beach couple. The couple, married only last week in Palm Beach, said the jewels were taken from their room in the Greenbrier resort hotel here Saturday night.

The missing gems included sapphires and diamonds.

## JAILED BY HEIRESS WIFE

Frederick O. Hammer (left) leaves West Palm Beach, Fla., county jail after his release under \$2,000 bond. His wife, Andrea Luckenbach Hammer, heiress to the Luckenbach shipping fortune, charged him with beating her and holding her captive aboard their yacht for several days. With Hammer here is Deputy Sheriff Walter Winton. (NEA Telephoto)

## Hammer Is Freed In \$2,000 Bail

West Palm Beach, Fla., May (AP)—Frederick O. Hammer, 41, was free under \$2,000 bond today on charges of aggravated assault upon his wife, Mrs. Andrea Luckenbach Hammer, wealthy steamship fortune heiress.

Hammer, well known horseman and prominent in New York and Palm Beach society, was released from jail here Saturday night after posting bond.

The case will be heard in court July 5, according to County Solicitor T. Harold Williams. There will be no preliminary hearing Tuesday as previously reported, he said.

Mrs. Hammer signed a two-page affidavit alleging her husband beat her with his fists and a flashlight on April 28 when they boarded their yacht, Hamandy, to leave Palm Beach for New York.

When he took her to a doctor the next day, the affidavit stated, he said the injuries resulted from a fall. "In his presence I was afraid to contradict him," Mrs. Hammer said.

She was kept under "close surveillance" during a trip to Daytona Beach but when her husband left the yacht for a time she fled to Palm Beach, the affidavit stated.

Hammer was "extremely abusive," had a cold attitude and was under the illusion her family was trying to take her fortune of \$3,000,000 from her, the affidavit continued.

Hammer was arrested at Daytona Beach and taken to the Deland county jail at Deland. During an interview there he said he loved his wife, would never harm her and declared she tripped and

fell as she boarded the yacht, cutting her face and injuring her arm.

Hammer blamed Charles Francis Coe, West Palm Beach newspaper publisher and attorney for Mrs. Hammer for the warrant. He said Coe was "the only one who got her to go to West Palm Beach Thursday."

Coe, however, said: "I had no

knowledge of her return until she called me from the airport."

Mrs. Hammer was in seclusion and reportedly was under medical care because of a nervous reaction. Her brother, Edgar F. Luckenbach, Jr., head of the Luckenbach Steamship Lines, flew here in a chartered plane to be with her. Hammer spent the night at a

hotel and reportedly left yesterday for Daytona Beach.

F. F. Keith Dies

Caledonia, N. Y., May 9 (AP)—Frederick Foster Keith, 80, editor and publisher of the Caledonia Weekly Advertiser for two years, died Saturday. He had been ill four months.

## ELLENVILLE NEWS

Ellenville, May 7—Supreme

Court Justice Isadore Bookstein

was the speaker at the annual

interfaith communion breakfast

of employees of the Napanoch

Institution and their guests, held

at the Masonic Temple Sunday

morning. Justice Bookstein found

gatherings basically healthy "be-

cause they are so true to the

finest American traditions, which

differ from most other nations of

the earth." He said that they dem-

onstrated a spirit contrary to that

which once prompted the late

famous Dr. S. Parks Cadman to

say, "I am sick and tired of people

getting at each other's throats to

prove their affection for God."

Judge Bookstein was introduced

by Mayor Thomas J. Hanlon, su-

perintendent, as a "great jurist,

citizen and American."

On April 30 William H. Wagar

retired as a rural carrier at the

Ellenville post office, after 30

years of service. He was named a

temporary substitute carrier Sep-

tember 20, 1916, and a regular

carried February 1, 1919, since

which time he has served daily a

30-mile route.

J. Edward Gilligan, who has

been employed at the Ellenville

Post Office for about 33 years and

who has been acting postmaster

since the resignation of Tuthill

McDowell July 1, 1948, has been

nominated for the position of

postmaster by President Truman.

A happy occasion was the din-

ner party, attended by 70 guests,

held at the Masonic Temple last

Saturday night, in celebration of

the 25th wedding anniversary of

Mr. and Mrs. Arthur B. Wright.

Miss Mathilda Enkler and Theo-

dore Schaffer, attendants at the

wedding 25 years ago, were among

guests present. During the dinner

the Rev. Doris E. Fritts, pastor of

Christ Lutheran Church, and the

Rev. Richard Elting, III, of Meri-

den, Conn., gave congratulatory

messages and there were piano

solos by Miss Barbara L. Johnson

and Miss Mathilda Enkler.

Cards were enjoyed following the

service of the baked ham dinner,

prepared and served by Stanley

Watt and committee, all members

of Wawarsing Chapter, R.A.M.

It is announced that the Crag-

moor Theatre has been leased to

Claude Horton for operation dur-

ing the coming summer and that

he will have as his associates

Henry Baker and Miss Isobel El-

son.

Firemen were called to answer

three fire alarms during the past

week. Two of them—one at the

Binder Bros. Oil Co. plant on the

Napanoch road and the other at

the home of Royal Spence, Jr., on

Market street, are believed to

have spread from rubbish barrels.

At the Binder fire a burning small

wooden building threatened the

gasoline storage tank about 30

feet away. The third fire, about

2:30 Monday morning, badly dam-

aged the car of Tony Neilson,

parked outside the North End

garage. The car, just overhauled,

was being idled to break it in.

Chief Michel said that there was

no way to tell as to what caused

the fire.

The Young Couples' Club of the

Reformed Church will present its

second annual minstrel show, at

the church, Thursday and Friday

evenings, May 12 and 13.

Recent births at the Veterans

Memorial Hospital include: Daugh-

ter to Mr. and Mrs. Charles Fuller

of Ellenville; son to Mr. and Mrs.

Hyman Bank of Accord; daughter

to Mr. and Mrs. Samuel Elkin of

Ellenville; daughter to Mr. and

Mrs. Paul Wago of the Leunickill

road; son to Mr. and Mrs. Edward

Friedman of Kerhonkson.

Mrs. Blaine Wright of Nap-

anoch is a patient at the Wood-

side Sanitarium.

One of Sullivan county's best

known old hotels, the Park

House, situated on the Mountain

Dale-Spring Glen road, is no

more. It burned to the ground

last Friday night despite all ef-

forts of Mountain Dale, Wood-

ridge and Fallsburgh fire com-

panies. The casino, 100 feet west

of the main building and a large

barn at the rear were saved. A

100-room hotel, President McKin-

ley was listed as a one-time guest

there. It is said to have had the

**CURES ON PRESS FREEDOM**

Two stout curbs on press freedom are included in the set of rules for international newsgathering that the U.N. Social Committee has drafted. One does not exempt news messages from the censorship that governments can now exercise over telecommunication. The other requires foreign correspondents "to report fact without distortion" and "to further international understanding, and to contribute to international peace and security."

The United States quite rightly and naturally opposed them. The second requirement, part of a code of ethics submitted by Mexico, is unenforceable, as our delegation pointed out. It is not always possible to report facts and at the same time to promote international good will.

Many dispatches could be subject of censorship because of this contradictory double assignment. Interpretive stories from foreign correspondents and reports of international discord—and possibly domestic also—would be automatically out.

A strange coalition of nations put through these requirements. Obviously the Soviet bloc would be for them. But Latin-American and Asiatic countries also joined in supporting them. This support can perhaps be explained in three ways:

The conception of journalism in those countries is quite different from what it is here. In most of them the government plays a much bigger part.

The parties in power want their regime to appear perfect before the outside world, however much or little leeway they give the opposition press at home.

Some of these regimes have received real or fancied slights from the American press.

What in effect happened was that America's views of press freedom were on trial. These ordinarily friendly countries held those views up for observation and inspection. They apparently didn't like what they saw.

There may be justification for some complaints of foreign governments or people about their treatment by the American press. We do not think that there have been many instances of distortion or real injustice. Certainly they have not been serious enough to warrant the proposal of drastic restrictions on reporting and analysis.

Even if our government loses the first round in the General Assembly, it should continue its fight for international press freedom. It should continue not only for the sake of its own press but for the protection that prompt, accurate newsgathering gives to the people of the world.

Without promptness and accuracy all sorts of injustices might go unrecorded, or at best be reported belatedly or at second hand. Crises might develop in secret and burst upon a public that was unprepared for them. In the interest of peace and freedom the United States should do its utmost to keep the channels of information clear. If the press can help by some self-examination, that should be done, too.

**WOMEN ABOARD**

Perhaps it was singularly appropriate that the decks of an aircraft carrier, symbol of the great change the years have wrought in the tradition of sea fighting, should have been the scene of a new and totally unanticipated shattering of precedent which rocked the Norfolk Navy Yard and the Department of the Navy to their keels.

It all happened because a group of members of Congress, newspaper people, and others of importance, was invited to an overnight cruise aboard the U.S.S. Midway. Somewhere along the line a landlubber must have got hold of the invitation list, for among the guests turned up two congresswomen and a female member of the journalistic calling. It is positively absolutely against the rules for a woman to go to sea or otherwise spend the night on a Navy warship.

Aghast officers of the line, doubtless after deep and searching meditation on the fact that two of the three women guests had been duly elected to represent solid districts in

By GEORGE E. SOKOLSKY

**SPORTS AND HOODLUMS**

It has often been noted that when nations are upbuilding, their youth engage in sports and games as participants; when the nation matures or gives evidence of decay, they become spectators, watching professionals at work. The finale of the Roman empire attracted gladiators from all the world, the Romans shouting to them, spurring them on, insulting the performers, and finally encouraging "thumbs down!" Just as today we cry, "kill da bum!"

The troubles of "Lippy" Durocher last week made me think of the increasingly bad sportsmanship of the large crowds who watch professional and even amateur games. The conduct of baseball crowds has become so disgustingly bad that it is surprising that there are not more fights. My own feeling about Durocher was, at the time, that I hoped that "Lippy" had punched and kicked the man who insulted him, insulted his wife, insulted his mother. I feel that if more of us used our fists, some of the ugly loudmouths would stop using language which no decent person uses in the presence of ladies and to which no one ought to submit. We have become too tolerant of indecency.

I have recently watched wrestling on television. It is not sport. It is an extraordinary hoodlums performance, men gouging out each other's eyes, pulling each other's hair, biting each other. There is no sport in this. It is not a game where it is a vulgar catering to the lowest instincts of a mob. It is very, very ugly. I object to my children looking at these shows. They might think it is sport.

But worse than the actual performance is the heckling, both at wrestling matches and prizefights. There is no evidence of fair play, of a correct enthusiasm for contenders. Too often it is enthusiasm for a bet, for the dollars that are to be won or lost. If that is sport, it is not the way Americans used to play baseball or the sandlot or soccer on the high school field or even run a race around a 57m.

The Durocher incident brings all this to a head. A player is entitled to do his best and then to go home. His cap is his, not a souvenir for some queer individual who believes that he has accomplished something when he tears a man's coat or a woman's dress. One sees that outside of theatres where adults and children are permitted to crowd the streets at all hours of the night, to intrude upon others who have come to enjoy an evening and have paid for it, who step on women's shoes, who push and pull and bowl people over. What do they want? An autograph from some person who for the moment has some ephemeral reputation! These children should be in bed, and the police should tell them to go there.

And these children would be better persons if they played games rather than chased after autographs. The heroes should be men like Babe Ruth and Lou Gehrig, to mention a few who are no longer alive. Certainly, it would be better that they faced sports as a game, not as a bet, that they did not feel that Rita Hayworth is a wonderful creature because she got away with improprieties.

Yes, an excellent blow on the nose, a black eye, a good swift kick where it hurts—that ought to be the reply to the kind of nuisance that obtrudes itself upon us. Of course, it's taking the law in one's own hands, which some regard as very bad. Is it really so bad to stand up for decency? "Lippy" Durocher may talk too much and he may be over-enthusiastic and impetuous, but he is entitled to every courtesy from the spectators. If they can't behave, they should be thrown out. A ball game used to be a pleasure before the hoodlums were given free rein, just as movies used to be relaxing before being a hissing became so general. The day when I was in a movie house in which Cardinal Mindzenty was hissed. I felt like socking the guy. Maybe I should, have done it. I think I should have.

**That Body of Yours**  
By James W. Barton, M.D.

**DEATHS FROM APPENDICITIS**

Some years ago the physicians and surgeons of Philadelphia made a determined effort to cut down the death rate in appendicitis. Within one year they reduced it to less than half of what it had been.

How was the death rate reduced by more than one-half in this short time?

These physicians had learned from their own experiences three definite truths. First, that the sooner the operation was performed the better; second, that no food should be given until the cause of the pain was found; and third, that if the cause of the pain was found to be appendicitis, as this drug masked or hid the symptoms.

When a pain occurs in the abdomen, even as high up as the stomach, many think that a dose of castor oil or Epsom salts is the best treatment, as it clears away poisons or wastes that may be causing this pain. This would be good treatment in most cases but for the fact that appendicitis is such a common cause of pain in the abdomen. We know that a sluggish liver and gall bladder cause and give pressure, pain and constipation. Whether from nervous spasms or from a lazy large bowel, is another common cause of pain in the abdomen.

The reason a cathartic, like castor oil or Epsom salts, is dangerous, should appendicitis be causing the pain, is because a cathartic stimulates so much movement in the intestine and this extra amount of movement may cause the appendix to rupture. A ruptured appendix causes peritonitis, the cause of most deaths in appendicitis.

Today, the advice of physicians is that when a pain occurs in the right lower side of the abdomen (which pain may have started higher up in the stomach a few hours before) and "remains" in the appendix region for an hour without shifting elsewhere, to call a physician at once.

In previous days it was not unusual for patients to be transported to a large city for an operation, which meant delay and a greater chance of rupturing the appendix. Today, the "nearest" hospital has surgeons capable of removing the appendix in a matter of a few minutes.

**First Aid**

Know what to do in an emergency. Send today for Dr. Barton's helpful booklet entitled "First Aid in Emergencies." Just enclose 10 cents and a 3-cent stamp to cover cost of handling and mailing. To The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y., and ask for your copy.

(Released by The Bell Syndicate, Inc.)

Congress, closed the rule book. The women stayed aboard.

This rule about women and warships is not altogether a matter of gallantry. Women are considered definitely bad luck aboard a fighting ship. However the Midway sailed out through Hampton Roads, and the next day sailed safely back again. Correspondents said she appeared none the worse. But to the eyes of old Navy men her deckplates probably will never look the same again.

Children should not be frustrated, according to some schools of child training. Some people think, on the contrary, that it would be the best thing that could happen to their neighbor's children.

The persistence of the mother-in-law phobia is completely mysterious in view of the fact that most mothers sooner or later become mothers-in-law.

**The Washington Merry-Go-Round**  
By Drew Pearson

Washington—Biggest question mark in the minds of every diplomat is whether the Russians have merely got soft temporarily, or have made a major policy shift toward long-term cooperation with the rest of the world.

No diplomat, to date, dares venture a definite answer. However, uncensored reports from Germany give one significant clue which may reveal part of the answer.

Recently the Russians have been getting advice from Rudolf Nadojny, former German ambassador to Russia. Nadojny is not a Communist, is a German of Hungarian extraction, and a disciple of Bismarck, who always favored close cooperation between Germany and Russia.

Nadojny's advice to Moscow has been to cut out the diplomatic bluster, and talk softly to the west, while simultaneously strengthening Russian-German ties.

If Moscow extends the olive branch to western Europe and the United States, Nadojny is reported to have advised, western opinion will be lulled and Congress will not appropriate full funds for the North Atlantic Pact.

**German-Russian Alliance?**

In addition, Nadojny also met with German leaders last month and gave them significant advice that Germany's future lay with Russia. The way Nadojny said it up was reported to be about as follows:

If there is peace, Russia can give far more to Germany than the allies for two reasons:  
1. She controls Silesia and can return it.  
2. Britain and the U.S.A. are hungry for markets. If there is no war this competition for markets will become keener, and Britain and the U.S.A. will keep Germany an agrarian state. Meanwhile Russia has ample markets in China and offers no competition to Germany.

If, on the other hand, there is war, Nadojny said he had positive assurance that Germany "would be spared. The Red army, he promised, would advance either through Norway or Italy. Therefore close German-Russian cooperation was essential.

Result was the stiff position taken by the Western German leaders at Bonn, when they first

turned down Gen. Lucius Clay's proposals for a Western German state. It was only after the Big Three foreign ministers granted concessions that the Western German Charter of Government finally was accepted.

**Phony Telegram Lobby**

Not since the holding-company fight of 1935, when the private utility lobby bombarded Congress with telegrams signed with names taken from a telephone directory, has Capitol Hill been deluged with so many phony telegrams and letters as in the current drive against public housing.

One of the lobby's most ingenious schemes is being worked on California congressmen by an organization with the high-sounding name, "Committee for Home Protection." Congressmen may not realize it, but this is merely a front for the powerful National Association of Home Builders.

Its general chairman, Frederick C. Dockweiler, also happens to be general counsel of the Los Angeles Home Builders Institute, while in the background is multimillionaire Fritz B. Burns, biggest West Coast builder and former president of National Home Builders.

However, California congressmen would be even more amazed if they knew how the folks are being used by the "Committee for Home Protection." Here is how the lobby operates:

Committee agents approach citizens on the street, give them a "facts sheet," containing ten sample telegrams denouncing public-housing legislation, and ask them to select one, copy it on a telegraph blank provided by the lobby's agent, and sign it.

When twenty such "canned" telegrams have been collected, they are sent to a member of Congress. The latter assumes the telegrams are legitimate messages from the voters back home, which lobby agents hand to the public, they also have an "instruction sheet," which they are very careful not to hand out. These confidential instructions are a dead give away. This is what they say:

**Looking for Sheep**

"1. Select your prospect. Get a man who has absolutely no connection with the building or real estate business. This is a 'grass

roots campaign; so look for laborers, white-collar workers, veterans, housewives, small-shop keepers—people in the middle and lower income brackets.

**Don't Worry if Neither you nor your prospect knows the name of his congressman. Our campaign office will check the address and see that it goes to the proper man. For your general information, the map reproduced on the reverse side of this sheet lists our Southern California Delegation.**

An Illinois man was sued by the husbands of two women for stealing the wives' affections. It's dangerous to play with matches.

Male students in an eastern college voted that their favorite study is woman. Maybe because the dates are easier to remember.

The song of the careless motorist is full of sharp turns and flats.

When a person does half as much as he plans to do, that's more than is usually done.

**Today in Washington**

**Study Will Be Made of Entire Mail-Carrying Situation; Railroads Ask Increase for Transportation**

By DAVID LAWRENCE

Washington, May 9—There are plenty of instances of subsidy furnished by the government to private business but there apparently is only one conspicuous case in which a private business actually subsidizes the government.

This is what the railroads are doing in carry the mails. So they are asking the Interstate Commerce Commission for an increase in mail pay. This has led to an over-all study of the whole question of transportation policy with respect to the mails.

Now the Senate has just adopted a resolution authorizing an inquiry designed to find out how an equitable solution of the problem can be found, with particular reference to the fact that there are three different rates paid by the government for carrying mail.

For the government subsidizes the airlines and pays out more than 80 per cent of the revenue from airmail stamps to pay the airline companies. The Post Office Department, however, collects \$668,000,000 a year from the public for first-class stamps and pays the railroads about \$26,000,000. So that a very small fraction of the three-cent stamp goes to the railroads—that is, only 4 per cent of three cents—while the airlines get nearly all of the present six-cent airmail stamp revenue.

Not since the 1920's has there been a real study made of the problem. Meanwhile operating expenses have gone up so that it costs the railroads, for instance, twice as much as it did then to carry mail. But they have not been able to get from the government a proper charge for service rendered. The laws of the land say the railroads should get a "fair return" but, owing to the involved system of making rates, the railroads find themselves stymied. When they ask for an increase, the Interstate Commerce Commission naturally takes testimony from the Post Office Department, and there have been substantial delays because the subject is one of great complexity. Likewise the Post Office Department is faced with a deficit, anyway, so it hesitates to agree to any increases that augment its expenses.

The railroads, on the other hand, see their competitors—the airlines—being heavily subsidized. While they do not question the wisdom of keeping the airlines going, they do wonder why the railroad should be required to render service without even meeting

actual costs. One railroad executive puts it this way: "The government is subsidizing some activity through all the processes of the American economy. In transportation the barge lines are subsidized and we pay taxes to make that up. It is true of the highways; it is true of the airways; it is true with all the various authorities. But the question is why, when all our competitors are subsidized, we should subsidize the government—and that is what we are doing when we haul mail at less than cost. For our present mail rates, even including the 25 per cent interim increase, and considering the 40-hour week to go into effect on the railroads, are just about half our costs."

The question of price and competition enters into the picture, too. Thus, the railroads aren't making any money out of handling express or out of handling mail. The railroads are trying to make their express rates to bring them up to a profit point, the more business they push over into parcel post. The same thing happens with less-than-carload freight. What it amounts to in the end is that the railroads subsidize the government so that it can handle parcel post at less than it costs the railroads to handle the same articles. This means the railroads are helping the government to compete with themselves on both parcel freight and express.

Senator Langer of North Dakota, who sponsored the resolution which the Senate has adopted, points out that parcel post rates are different on the airlines and the railroads on ships. He thinks the rates should be coordinated. The Post Office Department pointed out to the Senate that the inquiry proposed is interesting but that it is in the midst of a study of its own.

Meanwhile, the railroads, balked in their attempt to get some action, a few weeks ago filed a request with the Interstate Commerce Commission seeking a 35 per cent further increase, because the roads learned that the Post Office Department wouldn't be ready to present evidence before the commission from its own study until sometime in the middle of 1950.

The railroads, unlike private business, cannot of their own initiative increase their prices to meet operating costs. They have to wait and get government agencies and that is usually a long, long wait.

**AS PEGLER SEES IT**  
By WESTBROOK PEGLER

Gene Fowler has been my friend for nearly 30 years. I can think of no more inappropriate man to write a moral appraisal of Jimmy Walker which probably will become the final story of a sad and squandered life. Fowler is a weep-easy whose stock exclamation at our latest evening together a few months ago was "Oh, a great guy. I love him." He loved that night a roster of the most dissolute bums of our time in New York.

"Beau James, the life and times of Jimmy Walker," is the tribute of a mawkish fellow with a strain of cynicism, who surely understands, but will not admit, that the personal tragedy of his flippant little friend is not to be compared with the catastrophe to civilization on much wider ranges now that we are the world's agents, "democracy," which is accumulating. This republic has been a great experiment in self-government, which is crumbling, largely for the very reason that the likes of Jimmy Walker discredited it with the people instead of setting a public example of virtuous manhood, strength and conscientious work.

I know a professional horse-operating celebrity, who is largely composed of children who is careful not to be seen drinking lest he disillusion them. Fowler would

**So They Say... Questions-Answers**

Q—What is the meaning of a blue flag or blue light used by American railroads?

A—It is a traffic signal placed on each end of cars and locomotives undergoing repairs on a siding or work track. It means that the cars are not to be moved for any reason whatever, thus safeguarding men who may be working under them.

Q—At what age do the black spots appear on a Dalmatian dog?

A—The Dalmatian, or coach dog, as this breed is popularly known, arrives in the world pure white and the many black spots with which it is covered do not make their appearance until the pup is many weeks old.

Q—Why do astronomers say the moon turns on its axis, when it always keeps the same face toward the earth?

A—It is because the moon turns on its axis, in the same period (about 27 1/3 days), as that in which it revolves around the earth, it does keep the same face toward us.

Q—How did Gen. U. S. Grant describe the Mexican War?

A—In his personal memoirs General Grant said that the Mexican War was "one of the most unjust ever waged by a stronger against a weaker nation."

## NAPANOCH

Napanoch, May 7—John Champane and Jerome Countryman motored to Albany Friday.

Mrs. Ray Crossman has returned home after spending some time in the Brooklyn Hospital.

Harry Christian and Sylvester Herlihy made a trip to Washington, D. C., and Rochester this week.

Mrs. Mary Lynn has returned to her home here after spending the winter at Pawling with Mr. and Mrs. Ralph Lynn.

Mr. and Mrs. C. Chandler Young have returned home after spending the winter in Florida.

Mr. and Mrs. Harold Wood and children of Patterson, enjoyed the past week-end with Mr. and Mrs. Rodney Terwilliger.

Mr. and Mrs. John Meesen visited Mr. and Mrs. C. Burgher of Kingston over the past week-end.

Mr. and Mrs. Paul Westbrook and daughter, Jean of Middletown, spent Sunday with Mr. and Mrs. L. E. Westbrook.

Raymond Opdenbrouw of Poughkeepsie was a week-end guest of Mr. and Mrs. Christy Black.

Mr. and Mrs. William DeWitt and son of Poughkeepsie were Tuesday visitors at the home of Mrs. Frank DeWitt.

The Rev. and Mrs. Richard Vos of Claverack were recent visitors of Mr. and Mrs. Joseph Carberry.

The regular monthly meeting of the fire company will be held Monday night at the fire house.

## Shale-Oil Patents

Shale-oil patents issued by the U. S. government, both to Americans and others up until 1945, are listed, illustrated, and described in a new publication of the Bureau of Mines. The bulletin will be of particular value to scientists, inventors, and industrialists.

## New Hearing Device

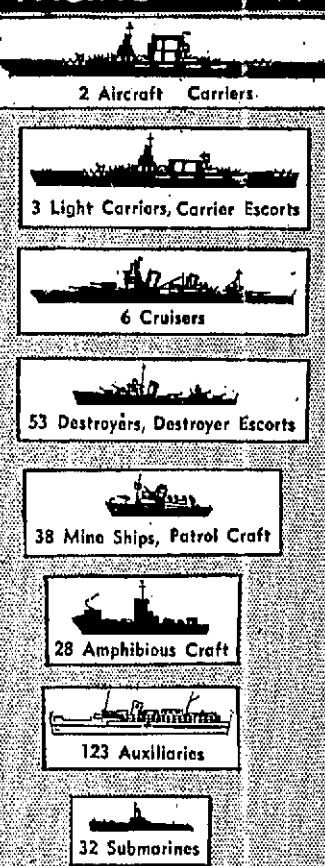

## Has No Receiver

## Button in Ear

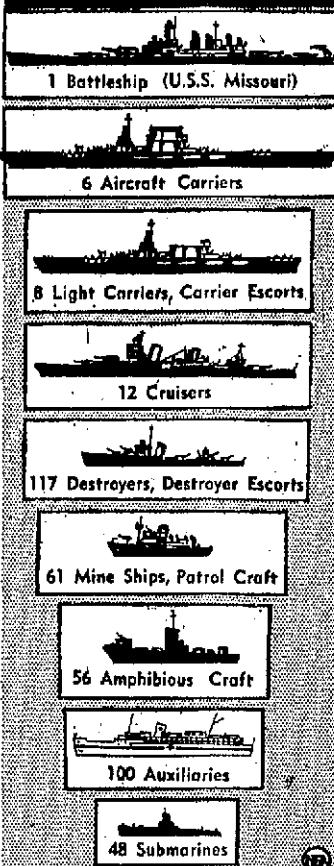

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new Invisible Phonotone, you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltone, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing invisible device in the privacy of your own home without risking a penny. Write Beltone today.

## Shift Fleet Power to Atlantic

## PACIFIC - 285 Ships

## ATLANTIC - 409 Ships

With a great part of the U. S. fleet in "mothballs," the remainder of the Navy's 694 fighting ships will be distributed as shown here, according to the budget for fiscal 1950. Only one battleship, the U. S. Missouri, will remain in active service. It is significant that the Atlantic fleet will now outnumber the Pacific in all classes except auxiliary vessels.

## HIGH FALLS

High Falls, May 7—Miss Anita Abrahamson, daughter of Mr. and Mrs. Abraham Abrahamson of this place, was elected president last week of her sorority, Zeta Nu Epsilon, at Rider College in Trenton for the coming year.

Mr. and Mrs. Hubert Smith attended the concert given by the Mendelssohn Club in Kingston last Friday.

Mrs. Silas Niles returned home on Monday last after spending two months with friends and relatives in Florida.

Miss Bernice Winchell has returned home after spending the winter in Arizona.

Mr. and Mrs. Raymond Krom of Poughkeepsie, Mr. and Mrs. James Krom and daughter Marilyn of New Paltz and Mrs. LeRoy Krom and Miss Gloria Lounsbury from High Falls called on Mr. and Mrs. Albert Krom and family at Livingston Manor Sunday.

A daughter, Sherry Lee, was born in the Benedictine Hospital last Thursday to Mr. and Mrs. Robert Sutton.

A son, Warry Brent, was born April 22 to Mr. and Mrs. Warry Bogart of Kyserike. Mrs. Bogart is the former Miss Gloria Prottos.

Mr. and Mrs. Roger Terwilliger entertained Tuesday night in honor of their son, Ronald, who was one year old on that day. Those present were Joan Ayers, Lynn and Pat Meehan, Ruth and Joyce Adams, Dawn and Floyd Turner, Donna Hornfeld, Carole Smith, Ruth Turner, Harry Turner, James Feth, Mrs. Floyd Turner, Mr. and Mrs. Simon Terwilliger, Mr. and Mrs. Norris Prottos. Ronald received many birthday presents and refreshments were served.

At the annual school meeting, DeWitt Hasbrouck was elected trustee for a two-year term and Alden Hutchins for a three-year term.

There will be a meeting of the Civic Association at the High Falls Firehall Monday, May 9, at 8 p. m. All who are interested in improving the village are requested to attend.

Mother's Day service will be held at the Reformed Church Sunday at which time the Rev. Gerrit Timmer will preach and Mrs. Edward Muller will sing. Carnations will be given each mother following the service by the Sunday school. Last Sunday the following officers were elected to fill the offices of the Sunday school: Mrs. Ernest Jansen, superintendent; Wallace Fulford, assistant superintendent; Lois Mickle, secretary; Mrs. Wallace Fulford, treasurer; and Miss Inge Koenig, pianist.

St. John's Episcopal Church—Worship service at 10 a. m. Sunday school, 9:15 a. m.

## News of Our Own Service Folks

## Host on Ship

Lt. Commander Aarno J. Tervo, U.S.N., son of Mr. and Mrs. John E. Tervo of Rifton, was host to 22,136 people of Plymouth England, aboard the heavy cruiser, Columbus, during the British Navy Days.

The Columbus, flagship of Admiral Richard L. Conolly, commander-in-chief of naval forces, Eastern Atlantic and Mediterranean, joined warships of the Royal Navy in the entertainment of British civilians during the annual Navy Days observance.

The visiting citizenry of Plymouth, home port of the Columbus, were conducted on inspection tours of the ship.

## Aboard Cruiser

Anthony R. Fabbie, storekeeper, second class, U.S.N., husband of Mrs. Helen Fabbie, 193 Clifton avenue, has been assigned to the light cruiser U.S.S. Fargo with the Six Task Fleet in the Mediterranean.

Fabbie, who entered the naval service February 6, 1945, at the Naval Recruiting Station in New York, received his recruit training at the Naval Training Center, Samsom.

Before entering the navy he attended Kingston High School.

## In Training

Arthur J. Heidcamp, seaman recruit, U.S.N., son of Mrs. Virginia E. Heidcamp, 1 Kingston, is undergoing recruit training at the Naval Training Center, Great Lakes, Ill.

## Is Graduated

Warren H. Hyde, fireman, apprentice, U.S.N., son of Mrs. Herbert J. Hyde, 146 Pine street, was recently graduated from the Naval Machine School at the Naval Training Center, Great Lakes, Ill.

The 14-week course involved both practical and concentrated classroom study in the maintenance and operation of pumps, boilers, and other shipboard mechanical equipment. After graduation, students are sent to units of the fleet to perform their specialized duties.

## Pitching Horseshoes

By BILLY ROSE

While we were in Honolulu, I heard a story which has been making the rounds for several years and seems certain to wind up as one of the legends of the islands.

Some years ago, the Hawaiian government set up a school on the western tip of Oahu, and among the youngsters who enrolled was a kid named Biliki Oolaka. Biliki took to the 10th century like most boys take to a sling shot and a few months after he started studying English, changed his name to Bill.

By the time Bill was 20, he was smoking cork-tips, driving a \$25 jalopy, and carrying a picture of Betty Grable in his wallet. And, what's more, he was always telling anyone who would listen that diseases are caused by viruses, not woodies, and that the ancient system of tabus and temples was so much mumbo-jumbo.

It happened that around that time a friend of Bill's folks—an overseer of a plantation—approached his employer and asked for the hand of his daughter in marriage. When the rich man laughed him and covered him off the plantation, the overseer invoked the curse of "kahuna anaana" on him, and in Hawaii "kahuna anaana" means literally, "praying one to death." The "accursed" make a doll-sized image of his victim, sticks pins into it and then spends most of his time in the temple concentrating on the death of his enemy.

A week after the curse was invoked, the plantation owner began to be troubled by violent stomach disorders and, realizing what had happened, retaliated with a "kahuna" of his own against the overseer. What the natives call "deable kahuna" was now at work and three months later both Hawaiians were dead.

Well, to the people who lived at the foot of the volcano where Bill had been raised, it was the ancient magic working again, but the young scoffer had a civilized and logical explanation for it.

Each of the two men, he said, had complete faith in his own praying and, consequently, it never occurred to either to doubt the efficacy of his enemy's. Certain that the only course was to out-hex the other, each had worked himself into a state of hysteria and, completely absorbed in this irrational process, had neglected the usual physical and mental precautions. And so, according to Bill's theory, each man had literally prayed himself to death in the belief that he was inflicting that fate on his enemy.

The young man's parents were shocked at his irreverence and made several trips to the little temple to propitiate the God of the Mountain who, in his anger, might rain fire and destruction on them as he had in ages past, but Bill only grinned and told them to get wise to themselves.

Then another incident: A few weeks later, a guide named Paaliki, bribed by an extra large tip, walked half a dozen tourists into a temple where "thoahos" or white men, were not welcome. As they entered a ritual was in progress and one of the tourists flicked the ashes of a cigarette into a sacred urn. The priest, horrified at this blasphemy, pronounced a curse on the avaricious guide and predicted that within seven days of the profanement he would meet with violent death.

The terrified guide returned to his hut and stayed there and, as the end of the seventh day approached, his friends began to wonder if he might not beat the curse.

But a few minutes before sundown, Paaliki's neighbors saw a puff of smoke from the thatched roof and, by the time they got to his hut, the guide had been burned to death.

Well, Bill had an explanation for that one, too. As he saw it, Paaliki, crazed with fear and afraid of being taken unawares, had been unable to sleep the night before. To keep awake during the last day of the curse, he had chain-smoked, but finally, "cigarette in mouth, he had dozed off. And, grass huts being what they are, the rest was simple.

The elders of Bill's village, frightened by these heresies in their midst, sent a committee to reason with him. But the iconoclast stood his ground and the next day, to prove his point, walked into the temple and spat at the foot of the God of the Mountain. The enraged priest pronounced a malediction on Bill and prophesied that exactly one week hence death would rain down on him from the skies.

The young man smiled at this allusion to a volcanic eruption—he had lived in the shadow of the volcano all his life and, as recently as three days before, had climbed down into the dead crater to examine it.

Nevertheless, the eve of the seventh day he had trouble falling asleep, and shortly before sunup thought he heard a far-off rumbling in the air. He dressed quickly and went outside, and the sun hitting the top of the volcano seemed to edge it with fire.

"Might as well play it safe," he told himself, jumped into his jalopy and drove along the coast road to the east. By the time he reached the bay, both the volcano and his fears were miles to the west and he felt ashamed of having run away.

"A swim will clear my head," he said to himself, and pulled the car off the road. A few minutes later, he ran down the beach and, once in the water, he smiled—here he was safe from the curse, for even an accidental death by drowning would defeat the prophecy.

But a half hour later he was dead.

(The date was December 7, 1941. (Copyright, 1949, by Billy Rose) (Distributed by The Bell Syndicate, Inc.)

## LEIBHARDT

Leibhardt, May 6—Preaching services are scheduled Tuesday, May 10, at 8 p. m. in the Methodist Church. The Rev. Clarence W. Hunter, pastor, will be in charge.

Officers were reelected during the district school meeting. Those reelected were Joseph Solberg, trustee; Sidney Solberg, collector; Vincent McGarry, clerk; and B. Pollack, chairman.

Mr. and Mrs. Joseph Heitreit of New Paltz visited Mr. and Mrs. John Schindler on Tuesday.

Mr. and Mrs. Leslie Quick called Wednesday on Mrs. Quick's cousins, Mr. and Mrs. Arthur Davis of Whitfield.

## Newspaper Ads

## Lead Radio in Consumer Effect

Newspaper advertising was shown to have an advantage over radio commercials in most categories of a study conducted by the Bureau of Applied Social Research of Columbia University and released Thursday by the American Newspaper Advertising Network, Inc.

The study, directed by Dr. Paul F. Lazarsfeld, was conducted among 700 housewives in the Oranges in New Jersey and consisted of two phases. In the first phase each housewife was asked to recall one specific newspaper advertisement and radio commercial pertaining to a food, soap, drug or cosmetic product which she had read or heard under ordinary, everyday circumstances during the few days prior to the interview.

In the second phase, the housewives' attention was focused on selected and comparable newspaper advertisements and radio commercials. A photograph was used for the commercial. Immediately after each message the housewife was asked to report just what thoughts and images passed through her mind while she was looking at the advertisement or listening to the commercial.

The findings were as follows: 1. When housewives were asked whether the recalled newspaper or radio ad made them feel that they would like to buy the product, 59 per cent indicated newspaper advertising and 50 per cent radio advertising. The advantage applied to all income and educational levels.

2. When housewives were asked

whether their thoughts were concentrated on the product or on the manner in which the message was presented in the matched newspaper and radio ads, 79 per cent said newspaper copy evoked product-directed thoughts as against 67 per cent for radio.

3. When the housewives were asked to list all the sales points which they recalled having been made through matched ads in the two media, 62 per cent said they recalled 10 per cent or more of the sales arguments in newspaper ads. The corresponding figure for radio was 54 per cent.

4. In response to the question whether the recalled ad or commercial gained attention because it answered a need which the respondent was actively trying to

satisfy, 30 per cent said that was true for the newspaper ad and 28 per cent for the radio commercial.

5. When queried as to which type of advertising happened to interest the housewife as she happened to see or hear it, 35 per cent indicated newspaper advertising, 20 per cent radio.

6. The study also found that 75 per cent of the housewives made some effort to keep in mind the products advertised in newspapers by making notes, clipping and re-reading. The corresponding figure for radio was 30 per cent.

The largest maneuvers ever conducted in Alaska by U. S. Navy and Marine forces involved 40 ships and some 18,000 men.

## EXECUTIVE TYPE SALESMAN

Distributor of BELTONE, world's most widely advertised hearing aid, has an opening for a man who can qualify.

Applicants should be between 30 and 55 years of age. Experience in specialty, insurance, or educational selling valuable, but not essential. Must have car. Earnings from \$4,000 up per year, based on advance against commission, and bonuses. Leads furnished as result of national advertising and direct mail circulation. Complete training and field selling assistance given.

Want experienced man, capable of self-management, who desires a permanent and profitable future without capital risk.

For appointment, phone or write:

Capitol District Audiphone Co., Inc.

90 State Street

## Rent Questions, Answers Given by Expediter Woods

Washington, May 7 (AP)—Housing Expediter T. H. Woods tonight issued answers to questions which he said were most frequently asked about the formula for determining fair net operating income to which owners are entitled under the new rent control law. Here are the questions and answers:

Q.—What is net operating income?

A.—It is income that remains after expenses and allowance for depreciation have been deducted from a landlord's annual income from a building.

Q.—What is fair net operating income?

A.—The housing expediter has determined that net operating income is fair when, in the case of a small structure, it does not fall below 25 per cent of annual income and, in the case of a large structure, it does not fall below 20 per cent of annual income. (A small structure has four units or less; a large structure has five units or more.)

Q.—Why did the housing expediter make the determination of what constitutes fair net operating income?

A.—Because Congress told him to. Specifically, the Congress required in the Housing and Rent Act of 1949 that in granting adjustments the expediter establish maximum rents at a level which will yield to the landlord a fair net operating income. It left it up to the expediter to determine what that level should be.

Q.—What basis did the expediter use to determine what would constitute a fair net operating income?

A.—A study of the actual operating experience of landlords both before and during rent control. The years 1939 to 1946 were covered in the study. This included three years before rent control, one year of partial control, and four years under control.

Q.—How were the expense and income figures of landlords obtained?

A.—They were obtained from landlords' books and records in 98 cities throughout the United States by government accountants. This represents the largest body of factual information on the actual operating experience of landlords in existence.

Q.—Does this fair net operating income formula give a fair return on investment or value?

A.—It does not attempt to determine a return on value. Congress after careful consideration of a return on value formula, found that it was unworkable. The Congress concluded that the simplest and most equitable method was to assure landlords "a fair net operating income."

Net Income Reporting

Q.—In filling out a petition for a net operating income, what period does a landlord use?

A.—He lists his present annual income and his expenses for a "test" year. The "test" year he selects may be the most recent full calendar or fiscal year or any 12 consecutive months ending not more than 90 days before the date of filing the petition. Certain expenses may be projected, as explained later.

Landlord's Income:

Q.—What constitutes a landlord's annual income for the purpose of this provision?

A.—Rental income from every residential and commercial unit plus any other income from the building.

Q.—Does he enter on the petition the amount of rent he collected during the year?

A.—No. He enters his present weekly or monthly rent for each unit in the building, indicating for each unit whether the reported rent is the maximum rent, or the rent on a leased unit with the lease still in effect, or the rent for an uncontrolled residential or commercial unit.

Q.—Why does the landlord have to indicate on which of his units he is receiving lease rent?

A.—This information is needed in determining the amount of rent increase on each unit in the building. For example, units covered by voluntary 15 per cent leases are not affected by any rent increase until after the leases have terminated. If the leases have terminated, the rents on such units are not increased until the non-lease units have been brought to the rent level of the lease units.

Q.—What happens when the total amount of the adjustment is not covered by increasing the rents of the non-lease units to the level of the lease units?

A.—Then the amount still due the landlord is applied proportionately among all units.

Q.—What happens in such a case if the leases are still in effect? Do the unleased units have to bear the entire cost of the adjustment?

A.—No. In such a case, the amount of the increase imposed on the lease units would begin only after termination of the leases.

Q.—What if part of the building is rented for a store or a doctor's or lawyer's office. Does it have to bear part of the increase?

A.—A proportionate share of the increase for the entire building would have to be allocated to the commercial unit or units. In other words, the entire amount of the increase in such a case could

Avoid more and more caused by loose plates. Get FASTEETH today at any drug store.

not be applied to the residential units.

Landlord's Expenses

Q.—What does he include under expenses?

A.—Fuel (if supplied by the landlord), utilities (if supplied by the landlord), payroll, janitorial materials (brooms, mops, cleansers, etc.), real estate taxes, insurance, interior painting and decorating, annual depreciation charge, miscellaneous expenses such as management fees, and repairs and replacements.

Q.—What is allowed for insurance on the form?

A.—Building insurance policies are usually issued for three-year periods. The annual expense to be listed in the petition is obtained by dividing the cost of each policy in effect on the date the petition is filed by the number of years that it covers.

Q.—What is allowed for interior decorating and painting?

A.—It is figured by adding the expenses for interior painting and decorating in the test year and the two preceding years and dividing the total by three. The result is the annual expense chargeable in the petition for interior painting and decorating.

Q.—What is allowed for depreciation?

A.—The amount shown on the landlord's latest required federal income tax return, but not more than 21 per cent of the present annual income for buildings containing one to four units, or 16 per cent for buildings containing five or more units.

Q.—Do any of the other items need explaining?

A.—Yes. The item on payrolls should not include any labor cost of repairs and replacements; and the item on janitorial materials should not include the cost of materials used for repairs and replacement. The reason is that repairs and replacements constitute the second group, which will be explained later.

Q.—Any other?

A.—Yes, taxes. Generally the amount of real estate taxes to be entered is the amount shown on the landlord's latest tax bill, excluding, of course, any penalties or overdue taxes for other years. If taxes have increased since the landlord received his latest bill, he may attach a signed statement from the tax official showing the assessment and tax rate in effect the date the petition is filed, and enter his taxes on this new basis. In other words, he may project any recent tax increase.

Q.—May the landlord project any other recent cost increases?

A.—Yes. If the landlord's payroll or utilities have gone up, he may apply this higher cost over the entire year to the extent and in the manner provided in the form D-100 which he must file in such cases. The reason for this is that the purpose of the petition is to establish a maximum rent that will be fair from the date of the filing of the petition, not retroactively. Therefore, in so far as is practicable, it is desirable to use present and not past costs. If taxes, payroll and utility rates rose prior to the filing of the petition, it is assumed they will continue at that level.

Repairs, Replacements

Q.—What items are included in repairs and replacements?

A.—They include such items as exterior painting, carpentry, plastering, electric wiring and plumbing, heating equipment, hot water equipment, roofs, downspouts, eaves, sewers, sidewalks, masonry, air conditioning, elevators, refrigerators and other electrical appliances, furniture, springs, mattresses, carpets, rugs, linoleum, drapes, shades, blankets and spreads, linens, venetian blinds, awnings, screening, and kitchen and laundry equipment.

Q.—How are the cost of these items charged?

A.—Generally, they are not expenses which occur every year and therefore should not be charged entirely to the year in which they were paid. Instead, they should be allocated or spread over the period of years they normally last. For example, if a roof which normally lasts 15 years was replaced by the landlord in the test year at a cost of \$300, only one-fifteenth or \$20 is chargeable to the test year and \$280 is chargeable to the other 14 years.

Q.—May the landlord charge to the test year a share of the cost of repairs and replacements made in prior years?

A.—Yes.

Q.—How does a landlord know what constitutes a proper allocation for each of the items?

A.—The form (D-106) which he fills out in applying for a fair net operating income contains an allocation schedule which lists each item and the allocation period for each. The allocation schedule contains two periods, one for replacement and the other for complete replacement.

Q.—What if a landlord can show that the allocation period given is not the same as his own experience?

A.—If he can show conclusively that his own past experience differs from that in the allocation schedule, he may use his own.

Certificates Filed

A partnership certificate has been filed in the county clerk's office by William H. McGrath and John L. McGrath of Phoenicia who are doing business in Phoenicia under the style of McGrath's Community Market.

Dominick Pileggi of 224 Fair street, Kingston, and Golden Lyons of Accord have filed a certificate stating they are doing business under the name and style of The Red Devils Company in Kingston and Kerhonkson.

Jamming Technique Better

New York, May 9 (AP)—Soviet radio jamming stations succeeded yesterday in scrambling all but 12 per cent of what the west had to say to the Russian people. The Soviet jamming apparently improved the effectiveness of their methods in preventing programs of the Voice of America and the British Broadcasting Corporation from getting through, U. S. State Department officials said. Compared to yesterday's 12 per cent achievement of the U. S. and British short wave broadcasts, there was a 25 per cent success on Saturday.

Floods Kill 10

Bogota, Colombia, May 9 (AP)—Floods in Ciudad Garzon caused "about ten" deaths and injuries to 50 other persons, a dispatch to the newspaper El Liberal reported yesterday. Damage was estimated at \$500,000. Flood waters leveled eight blocks, the dispatch said.

As Pegler Sees It

(Continued from Page 4)

that ex-convicts and others of unsavory reputation should be denied official credentials and excluded from the brawls.

My first intimation that Walker might run for mayor came from James P. Sinnott, another sportswriter who had made a personal hero of Jim but a hero according to standards which were not identical. I told him he must be crazy but, as the campaign developed, I found myself happy that this youngish little man could make the grade. I know nothing of Walker's private life or social habits but I had despised John Hyland, the ruling mayor, for his nepotism which then was something new to me, and for the self-adulation which he practiced at public expense on many a sign over public works and at the ends of "play streets" bearing the name, "John F. Hyland, mayor." This young man wouldn't be like that. NO.

But as time passed during Jimmy's regime he developed the record which Fowler now, out of affection, would deplore as a tragedy to Walker alone, forgetting the damage to self-government.

## Here's One Hitch-Hikers Can Pass Up

Tommy Tucker, 34, a mental telepathist of Haverhill, Mass., gives Bostonians a thrilling demonstration by driving his station wagon completely blindfolded through the city's crowded streets for 12 minutes. He even stopped for red lights and avoided jaywalking pedestrians. Mrs. Tucker, in back seat, doesn't even look nervous.

were no better than the underworld people—why had he let the people elect him mayor of New York?

Fowler is so emotional that his opinion of Walker is worthless. Yet his emotionalism—God help us—is the very trait that controls many of our political decisions and pollutes our opinions on such practical and solemn problems as labor legislation, "civil rights," rent control, taxes and foreign relations.

I liked Walker personally but I doubt that he could understand that a man could condemn his behavior and yet have a warm heart for him. Similarly I find Fowler, with whom and his family I and mine have spent so many happy times, unfaithful to his deepest morals in raising the record of

Jimmy's errors only to excuse them. Forgiveness is one thing, but condonation is another.

The research, a pretentious new word for reporting, which went into this book is great journalism. The praiseworthy, irresponsible Fowler never seemed to me to be a thorough reporter when he was on the street, but I must have been deceived. This book is no rewrite of clippings but a revival of the old and wonderful nonsense itself and I know that Gene did his work between heart attacks and under a burden of personal anxieties and sorrow, that would have made another man chuck it. Other reporters and students of journalism will find it a great example.

## Two Big Plants Are Dedicated in New Industry

Louisiana, Mo., May 9 (AP)—The groundwork for a new American industry—the conversion of coal to oil and gasoline—was laid here yesterday with the dedication of two big demonstration plants.

About 500 persons, including government officials, military officers, members of Congress and industrial leaders, attended the ceremony. Most of them came on a special train from St. Louis, powered by fuel from the plants.

The plants were developed by the U. S. Bureau of Mines as an answer to the dwindling supply of gasoline and an ever increasing demand. Julius A. Krug, secretary of interior, in his dedication speech, called on private industry to get busy on plants of its own without delay. He expressed hope Congress would pass measures extending government credit to that end.

Some of the visiting industrialists, especially oil men, commented adversely on the project. They raised doubts as to whether any serious shortage of petroleum is likely for many years to come, but in view of their position as guests refused to be quoted.

One of the plants cost \$10,000,000 and the other half that

amount. The buildings are spread out over several acres, with miles and miles of exposed pipe.

The plants will produce not only diesel oil and automobile fuel, but aviation gasoline and a variety of by-products, including alcohols and phenol for plastics. The plants will demonstrate respective merits of two basic processes for converting coal to oil. The two processes are called "coal hydrogenation" and "gas synthesis." By the former, coal is turned into oil by forcing hydrogen into it under great heat and pressure. By the other, coal is first turned into gas.

Louisiana was selected as the site for the plants because of its central location with respect to major coal fields. Also a synthetic ammonia plant erected here for the army during the war offered facilities readily adaptable to production of synthetic fuels.

The Y.M.C.A. deserves your support, the drive closes May 10.

## PIN-WORM Mystery Ended

For centuries, millions of Pin-Worm victims have desperately sought a way to deal with these pests that live in the human body.

A new, scientific treatment, Jeyne's P-W Vermifuge, now offers real relief. P-W's vital ingredients is a medically approved drug that attacks Pin-Worms in the intestines and removes them from the body.

So watch for warning signs, especially the tormenting rectal itch. Then ask your druggist for P-W, the small, easy-to-take tablets perfected by the famous Jeyne Co., specialists in worm medicine for over 100 years.

Get real relief! P-W for Pin Worms!

THE new look of the Ford Station Wagon tells you why Ford was chosen "Fashion Car of the Year" by the Fashion Academy of New York. Behind this beauty is an all-steel construction, a sturdier, safer body that's an important part of the new Ford "Feel."

For loading up, you can easily remove the wide seats, leaving truck-size utility space. Load through the extra-wide side doors or rear "freight entrance." First to make 'em, Ford's still first for station wagons. Come in and see them today.

But style and steel only start the story. The new Ford "Feel" is even bigger news. You'll notice it in the "Finger-Tip" Steering and the "Magic Action" of 35% easier acting brakes. You'll notice it in the effortless V-8 power (100 h.p.). You'll feel it in the new "Hydra-Coil" and "Para-Flex" Springs that float you along in a "Mid Ship" Ride.

Yes, behind those specially molded and laminated wood panels you have solid steel welded into one rigid unit. Panels bolted to steel resist water, warping, and splitting. They're easily removed and replaced.

## Former Resident's Daughter to Wed

RUTH KEATOR

Mrs. Frank Keator of Ulica, formerly of this city, announces the approaching marriage of her daughter, Miss Ruth Keator, to John Thomas Kumber, son of Mr. and Mrs. Richard Chambers Kumber, Dayton, O., and Pasadena, Calif. The wedding will take place May 14 in the First Presbyterian Church, San Francisco.

Miss Keator, daughter of the late Dr. Frank Keator of this city, was graduated from Cornell University where she was affiliated with Alpha Phi Sorority. She also is a member of Omicron Chapter D.A.R. For 10 years Miss Keator has made her home in California where she has been a radio writer and broadcaster.

Mr. Kumber is a graduate of Tamalpais School for Boys and is an alumnus of the University of Southern California. A licensed pilot before World War 2, he was commissioned in the Naval Reserve. He commanded a navy-held island in the Aleutians.

Following their wedding the couple will make their home in San Francisco, where Mr. Kumber is a packaging engineer.

Mrs. Keator, mother of the bride-elect, left from New York Thursday night to fly to San Francisco for the wedding and reception. (Romaine Photo)

## Theodore G. Barten Weds Joan Ann Henry At Port Ewen Rectory

The marriage of Miss Joan Ann Henry, daughter of Mr. and Mrs. Michael L. Henry, Connelly, to Theodore George Barten, son of Mr. and Mrs. Frank Barten, 108 Foxhall avenue, was performed in a double ring ceremony Sunday at 2:30 p. m. The Rev. Joseph Connors, C.S.A.R., officiated at the ceremony in the rectory of the Church of the Presentation, Port Ewen. Decorations were white snapdragons and gladioli.

Mr. Henry escorted his daughter. She wore a street length dress of lavender tissue tulle with matching mitts and hat of violet tulle. She carried a colonial bouquet of yellow roses.

Mrs. Charles Snyder, of New York city, aunt of the bride, was matron of honor. She wore a dress of grey tissue tulle with matching mitts and hat of pink tulle. She carried a colonial bouquet of pink roses.

Henry Barten was best man for his brother. A reception for 40 guests was held at the Airport Inn. Afterward the couple left for a wedding trip to Washington, D. C., and the southern states. For traveling the bride chose a navy blue gabardine suit with matching accessories, white topcoat, and corsage of pink roses. Upon their return Mr. and Mrs. Barten will live at 67 Abruyn street.

Both the bride and bridegroom are graduates of Kingston High School. She also was graduated from Moran Business School and is employed by Central Hudson Gas and Electric Corp. Her husband is employed by New York Telephone Co.

## Club Notices

### V.F.W. Auxiliary

Joyce Schrick Auxiliary No. 1386 Veterans of Foreign Wars will hold its regular meeting Tuesday evening at the V.F.W. building. A report will be made on the recent card party. Delegates to the department convention at Syracuse Lake in June will also be elected at this meeting. All members are urged to be present to greet the new president, Mrs. Ralph Selms.

### Holy Name

Immaculate Conception Holy Name Society will hold its regular meeting tonight at 7:30 o'clock in the school hall, urged to attend this meeting as well as all men of the parish are urged to attend his meeting as matters of importance are to be discussed. Refreshments will be served following the meeting.

### St. Ursula Mothers

Mothers' Association of the Academy of St. Ursula will hold its regular meeting Tuesday at 7:45 p. m. All are requested to be present.

Planned Parenthood Committee Executive committee of the Ulster County Committee for Planned Parenthood will meet Tuesday at 10 a. m. at the Maternal Health Center, 578 Broadway.

Christopher Tappen Society Christopher Tappen Society, Children of the American Revolution, will postpone the meeting scheduled for May 10 to May 21. The society will make its annual pilgrimage to historical Kinderhook House. Those desiring transportation are asked to call Mrs. William MacGregor Mills.

### Trinity W.C.S.

The regular meeting of W.C.S. of Trinity Methodist Church will be held Tuesday afternoon, 2:30 o'clock, at the home of Mrs. Fred H. Darning, 16 Van Gansbeck street. Mrs. Frank W. Thompson will have the paper. Miss Hester Marsh will lead the devotions.

### Musical Society

Musical Society will meet with Mrs. Willard Burke, 190 Washington avenue, Wednesday at 8:15 p. m. A book review, Elliott Arnold's The Story of Sibelius, will be given by the Misses Ethel and June Mauterstock. Hostesses will be Mrs. Henry Millonig and Mrs. LeRoy Vogt.

### The Y.M.C.A.

The Y.M.C.A. deserves your support, the drive closes May 10.

## Robert Edward Hillis, Bookkeeper at Freeman Marries Gloria Florence Green, Staff Nurse

Miss Gloria Florence Green, daughter of Mr. and Mrs. Russell Green of Napanoch, was united in marriage to Robert Edward Hillis, son of Mr. and Mrs. Edward Hillis, 154 Highland avenue, Friday evening. The ceremony was performed by the Rev. Herbert Killinder, pastor of Trinity Methodist Church, at his new home on the River Road in Ulster Park. Mr. and Mrs. Harry A. Berryann of 151 Smith avenue were the attendants. Immediately following the ceremony, Mr. and Mrs. Hillis left for a wedding trip to the New England states. Upon their return they will live at 31 Green street. The bride is a graduate of Ellenville High School and Kingston Hospital School of Nursing. She is on the staff of Kingston Hospital. Her husband, a graduate of Kingston High School and Albany Business College, is bookkeeper at the Freeman Publishing Company. During the war he served in the navy.

## Young Accomplished Singers to Appear In Opera Production

"Thousands of young singers share one aspiration—to sing at the Metropolitan and other great opera houses of the world," says Leonora Corona, who will be guest star in the Boston Grand Opera Company's performance of "La Traviata" (The Lady of the Camellias), Verdi's thrilling romantic tragedy at Kingston High School Auditorium, Wednesday, May 18, 2:30 p. m.

"Nevertheless, this artist who has sung in the Metropolitan, La Scala, Milan and others, adds, 'with limitation as they are, only minute fractions of such aspirants achieve the coveted goal'."

In selecting its singers for its own organization, The Boston Grand Opera Company chose and employed double casts of principals, in order to avoid vocal strain and emotional stress in order to keep all performances fresh and vigorous. The management of the Boston Grand Opera Company reports that in turning to accomplished singers it set its goal to accent youth as its contribution toward opening the golden gates of the world's great opera houses to the young.

Seats for the performance are currently on sale at Winter's, Rossi's or Arace's music stores, Kingston College Women's Club is sponsoring the presentation.

## Snyder-Houck Marriage Performed At Holy Cross Church

Mrs. Gerald Houck of Syracuse, formerly of this city, daughter of Mrs. Elizabeth DeGraff, 40 Janet street, was married to Clark Snyder, son of Mrs. Kathryn Snyder, 510 Clinton street, Hudson, formerly of Kingston, Saturday at Holy Cross Church, this city. The Rev. Stanley J. Dean, pastor, officiated.

Walter Kidd was organist. Included among the wedding selections was Evening Star. The church was decorated with apple blossoms, spirea and white lilies. The bride was given in marriage by her son, Gerald Houck. She wore a sheer white navy blue suit with eggshell blouse and hat. Miss Elsie DeGraff, sister of the bride, as matron of honor, wore a navy blue suit with powder blue blouse and blue hat.

Walter Gerard Vincent Jephers of St. James street was best man. A reception for 20 guests was held at Kirkland Hotel. Afterward Mr. and Mrs. Snyder left for a wedding trip to New York. They will live at 510 Clinton street, Hudson.

The bride who was the former Grace DeGraff attended Kingston schools and for a time the Kingston Hospital School of Nursing. Mr. Snyder is assistant vice president of British American Distillers, Inc., Hudson.

Concert Group Will Consider Change At Tonight's Meeting

A substantial change in the schedule of concerts for next season has been proposed for Kingston Community Concerts Association.

After carefully considering this step, the executive committee has called an important meeting of all workers for tonight 8 o'clock at the Governor Clinton Hotel. Final decision on the proposition will be made at that time. N. LeVan Haver, president, urges all workers to be present tonight.

HOME BUREAU Plank Road Plank Road Community Home Bureau will hold a regular meeting at Boice's Hall, Tuesday at 7:30 p. m. The topic for the evening will be "Flower Arrangement" under leadership of Miss Freida Walker.

Corset Demonstrations An expert from Even-Pul, corset manufacturers of New York, is visiting at the local Montgomery Ward store, where she is giving demonstrations on "how controlled corsetry can beautify and remodel your figure. You will be in the store from today through Wednesday and all demonstrations are free to women customers of Ward's.

It is figured that about four per cent of the population of the United States is left-handed.

Good Taste Today By Emily Post

WHEN FATHER REMARRIES A young woman tells me: "Our father is getting married again. We children are all married and we're glad for him, but we don't know what would be fitting and proper for us to do in welcoming his wife. We don't want to do anything that shows any lack of respect for the memory of our mother. Shall we send wedding gifts?"

If you haven't already done so, you should go at once to see your father's future wife and make her feel as welcome as you can. You should send her a wedding gift, the nicest you can afford—one from each of you or an especially handsome one from all of you together. Further than this, it would be best to ask your father what he would like you to do.

Visit Expected of Man's Family Dear Mrs. Post: What should mother do? My brother became engaged several months ago and he will be married soon. As yet, we have not met the girl's family. Mother has hesitated to ask them to our house (they live in a fashionable community far from the side of the city where we live), because she had been told indirectly that Mrs. S. was intending to invite us over some Sunday. Mother is fearful of having them think we are forcing things, as they are very prominent people and we are "on the other side of the tracks" so to speak.

Answer: Whether or not it was the girl's mother's intention to invite your mother first, correctly the man's mother should make the first visit. It is a conventional gesture expected of the man's family. On the other hand, if they live so far away that going to see them is a day's journey, the man's mother would not be expected to do more than write a letter to the girl's family saying how much her family like their future daughter-in-law, and that they are looking forward to meeting her family at the wedding—if not before.

The Salad Fork Dear Mrs. Post: Where should the salad fork be placed, to the left of the dinner fork, or to the right? Answer: To the right—earer the plate.

How to arrange table for breakfast, luncheon, dinner and supper is described in Mrs. Post's booklet, No. 504, "Etiquette of Table Setting." To obtain a copy, send 10 cents (coin preferred) and a 3-cent stamp to her, care of this paper, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

(Released by the Bell Syndicate, Inc.)

Nineveh, capital of the Assyrian empire, was destroyed in 605 B.C.

Bows Take a Bow

What does a press agent do when he wants to inform the great American public that this is "Bow Tie Month"? Why, he gets him a pretty gal, like New York's Abbe Marshall, above, and decks her out in bow ties. Simple, isn't it?

Adult Discussion Group Hears Talk on Race Problems Dr. Roland G. Will of New Paltz State Teachers' College led the discussion on Race Problems Today at the regular meeting of the Adult Discussion Group in the First Dutch Church Bethany Hall, Sunday night. He gave a comprehensive picture of the present day relationship of the races particularly in the United States.

Also considered was the problem of the Japanese Americans who had been taken from their homes during the war by the United States government and placed in concentration camps.

Further discussion considered the problems of the American Indians and also the part of the Christian church could play in promoting better relations among the races.

Miss Alberta Davis led the devotions.

Judge Kenyon Will Speak at College Club Open Meeting

Dorothy Kenyon, former municipal judge will be the guest speaker at the open meeting of Kingston College Women's Club Wednesday, May 11, at 8 p. m. in the Fair Street Reformed Church assembly hall. Her topic will be "Women of the East and West Meet." The public is invited.

Judge Kenyon is a practicing lawyer in New York city where at one time she was a judge of the municipal court. She was a member of the League of Nations Committee on the Legal Status of Women. During the war she was adviser to the President on wartime problems of women's employment.

She is a director of the American Civil Liberties Union, Association for Aid to Crippled Children, Consumer Cooperative Services, the International Alliance of Women for Suffrage and Equal Citizenship. Judge Kenyon is in

Personal Notes Mrs. G. H. Richter, of Treebeek, Holland, arrived Friday to spend several months with her son-in-law and daughter, Mr. and Mrs. Donald Burgher, 34 Meade street.

Joseph J. Magnino, Jr., Johnston avenue has been tapped for membership in the Skull and Swords, Norwich University's senior class honor society.

Joan I. Bradden, Mount Tremper, has been appointed a co-editor of the freshman handbook at St. Lawrence University, and Jane Raymond, associate editor of the Gridiron.

Suppers & Food Sales Baked Ham Dinner A baked ham dinner sponsored by the Christian Mothers' Society of St. Peter's Church will be held Monday, May 16, at 7 p. m. Tickets may be procured by calling Mrs. Mary Short, 2099-M or Mrs. Joseph Reis, 4894. No dinner will be served without a reservation made in advance.

International law secretary for the National Association of Women Lawyers. At present she is the United States delegate to the United Nations Committee on Status of Women. She is the second vice president of the American Association of University Women of which the local club is an affiliate. The original date of the meeting announced as Tuesday at the First Dutch Reformed Church has been changed to Wednesday night at the Fair Street Reformed Church.

# Colonials Drop Three Games Over Week-end to Plunge into Cellar

## Bristol Owls Win Saturday, 6-0; Drop Pair to Bridgeport, 1-0; 3-2

Firmly entrenched in the Colonial League cellar with five straight losses and a nightmarish week-end in which they were shacked with only 10 hits and two runs in three ball games, the Colonials paused for some sober reflection today in Waterbury.

Mediocre hitting and a surprising letdown in the infield ruined stalwart pitching performances by Frank Demeri, Harry Petty and Danny Rourke.

Demeri, a fast balling rookie right hander, was the victim of Kingston's 6-0 loss to the Bristol Owls before 500 spectators who risked chills and shivers Saturday night at municipal stadium.

### Home Decides Game

Yesterday the Bridgeport Bees broke the Colonial hearts with a double victory at Bridgeport, winning the opener, 1-0, on a one-hitter by Fred Luciano and outlasting the locals, 3-2, in the nightcap.

A home run by Arky Arekalian in the fourth inning was the deciding factor in a brilliant pitching duel between Luciano and Danny Rourke.

Luciano, workhorse of the league in 1948, faced only 23 batters in seven innings. He lost a no-hitter on Ralph Matzer's sixth inning double and another man reached first on an error. He fanned six. Rourke permitted only three blows and aside from the gopher ball to Arekalian was in complete command.

Hitting production picked up a bit in the Sunday nightcap, the Colonials managing six off two Bees twisters. Harry Petty gave up seven before yielding to Hamilton Graham, rookie southpaw, who mopped up with two hitless innings. The Colonials garnered single tallies in the eighth and ninth. Eddie McNamara collected two of the seven blows.

**Bull Stops Locals**  
Lefty Cliff Bull, a hard throwing southpaw who stifled the Colonials in a recent exhibition, mastered them with three scattered hits Saturday night at the stadium. It was Kingston's second straight shutout loss at the stadium.

Frank Demeri pitched adequately and with bright support would have given Bull quite an argument. As it was four Kingston errors and eight hits enabled Bull to travel the prime-rope path.

The Colonials meet Waterbury in a single game tonight and then return home for a two-game set against Stamford starting Tuesday.

## Bowling Scores

Tony La Rocca and Barney Rosinski were top men in a doubleheader session of the Electoral League Friday night at the Central Rocs.

La Rocca finished briskly after a 177 starter with 229 and 225 for a 631 triple. D. Maroon was the runnerup in the matches bowled a week ahead of schedule.

Also in the upper bracket were Eddie Ashdown 494, Jack Sharot 488, Tom Welch 484, Frank Cironi 483, J. Kelly 473, Joe Boccchino 471.

Rosinski led a low-scoring regular session with 191-178-157-526. J. Kelly and D. Maroon tied for second honors with 516.

Harry Re posted 509, W. Schaefer, Jr., had 202-499, Joe Boccchino 499, Tom Parker 489, J. Raible 485, G. Baker 474 and F. Sember 470.

Marie Kelekian was the star of the Stars of Tomorrow league with 517 on games of 162, 172 and 183.

Reta Frederick was runnerup with 497. Ada Markle shot 455, Faye Horne 443, M. Davis 419, Marge Logan 387, W. Overfield 357, Marion O'Donnell 379 and M. Burns 371.

Elston's Sport Shop rolled a 2016 total in the Class C division of the State Women's tournament in Buffalo. Faye Horne was high scorer with 199-492. Bertha Schaller posted 436 and Helen Broskie 412.

**Score by innings:**

**Cadets First Win**  
The Y.M.C.A. Cadet baseball team notched its first victory of the season by defeating the Fairview Rovers, 12-11, Saturday, at the Athletic Field.

George Telepas was the winning hurler yielding eight hits, while the Cadets collected 11 off a bevy of Fairview hurlers.

The Cadets dropped their opener to Starlettes by a 11-9 score.

## They All Seem Friendly Now

Rival managers and the umpires put on their prettiest front for the cameraman prior to the official Colonial League opening Friday night at municipal stadium between the Kingston Colonials and Bristol Owls. It won't happen again this year. In usual order, Umpire Sid Borgia, Manager Al Barillari, Bristol; Manager Julie Lavinio, Kingston, and Umpire Phil Beller. (Freeman Photo)

## K.H.S. Gets Five Places in Relay

Kingston High won five places, Newburgh six and Middletown one in the annual Newburgh Relays Saturday at the Hill City. In the unofficial point tabulation, Kingston and Newburgh were tied 46 1/3 each. Middletown had 17 1/3. The summary will be published tomorrow.

## Landry Captures Stock Car Feature At Rhinebeck Track

Screaming brakes, the smell of burning rubber and an intermittent crumble of metal blended itself into an unusual symphony of racing thrills Saturday night at Rhinebeck Speedway where Steve Iko of the Apogeekeeping, Sports Club, Inc., presented the first stock car races at the 1/5 mile tarmac asphalt track.

One of the largest crowds ever to witness racing jammed packed every inch of Rhinebeck Speedway and everyone went away convinced that stock car racing is here to stay. The thrill packed show kept everyone on edge throughout and in almost every event the fans were treated to several spins, crashes, blow-outs and saw 5 mph racing, driving by some of the best drivers in the east.

Rex Records, one of the country's top drivers showed the class of the evening in a special race by driving from last place to cop the checkered flag in 1:34:25 for 5 laps. His victims were Ray Nake, Tommy Conates and Stan Distow.

The Scherrieke midge star Stan showed plenty of class all evening and promises to be one of the top notchers in stock racing this season. Also other well known midge drivers competing were Ray Neston, Bob Tentor, Jacko Joekomo, Whitey Brainerd and several others.

Starting from seventh position, George Landry of Woodbury, Conn., drove a spectacular race in the main event of 25 laps to pick up the coveted checkered flag in 7:11:18. Al Keller, stock car star, was second with Tommy Coates a close third. It was in the race which saw 14 cars pack the track and crashes and spins were a dime a dozen but it was Landry who managed to cop the big money.

Next Saturday night promises to be another stellar show when at 8:30 the familiar green flag starts off another field of crack drivers.

## Disqualify Leader In State Singles

Buffalo, N. Y., May 9 (AP)—For the second consecutive week-end, entries in the 24th annual tourney of the New York State Bowling Association fell short in their efforts to displace the leaders.

It was the disqualification of Paul J. Seitz of Salamanca Saturday. He had taken the leadership early last week in the single division.

George Obenauer, tournament chairman, said a substitute bowler who was unfamiliar with the rules and who didn't report the change had rolled for Seitz.

Seitz had been marked down for a 749 total, including a 126-pin handicap. But he was topped Friday by Ray Garlick, who rolled 774 for the lead.

Seitz also was disqualified from the all-events standings. He had been credited there with fourth place on a 2029 aggregate.

**Schenectady Keglers Capture State Title**  
Utica, N. Y., May 9 (AP)—The Elks No. 1 team of Schenectady holds the Elks State Bowling title today.

When the tournament ended yesterday, no team had topped the 3,126 posted by the Schenectadians on the first day of the week-end tournament.

The No. 3 team from Ogdensburg snatched the Class "B" lead-

## Bagatelles:

Best Sports tidbit of the week was Wes Westrum's sensational comeback with the Jersey City Giants. The popular Hudson Valley athlete has conked six home runs to date for the International League club and his peppy play behind the plate has been one of the Jersey highlights. At that pace, Westrum will soon be back where he rightfully belongs—the Polo Grounds. Eddie McNamara is off to a brilliant start with the Colonials. It's a pleasure to watch him operate around the keystone sack.

## Flotsam and Jetsam:

Clark Mains turned in a brilliant relief stint for Springfield, Ohio, of the Ohio State League last week, twirling 6 2/3 innings of scoreless ball against Lima. He fanned seven and got a baserun and was credited with a 7-6 victory. Toby Shay of the Newburgh Recreation is looking for ball players for the Newburgh Recreation, a semi-pro outfit which opens against the New York Elms next Sunday. The rumor department has it that Peckskill and Newburgh will be invited to join the Colonial League next season. That just won't go, folks. Wesley E. "Bo" Gill, the Newburgh sports ed-golfer, will never let a 65-night OB schedule interfere with his golfing and horsey pursuits. Never! For Jerry powerhouse is making a shambles of DUSO baseball clubs.

Do you believe that Eskimos are God's frozen people? . . . By the time a man becomes important enough to take two hours for lunch all he can eat is crackers and milk.

## Hambletonian, 10, Sire of Them All:

The harlot of Chester celebrated the 100th anniversary of the great Hambletonian last week with all the fanfare and dignity it would give to a national figure. The famous Hambletonian 10, foaled in Sugar Land, N. Y., 100 years ago this May is virtually the father of the standardbreds.

Purchased with his crippled dam for \$125 by farm hand William Ryndyk, Hambletonian earned more than \$500,000 in stud fees.

Bred to 1900 mares, and producing 1381 foals, the blood of Hambletonian is in almost every one of the 12,000 trotting and pacing horses running this year. Every winner of a major trotting in the country last year was a direct descendant of his, as was every winner of the Hambletonian classic. Quite a poppa!

## Of Men and Mice:

Al Vano, the famous old bantamweight, who fought from 1918 to 1932 against the greatest boxers of his time, up to and including middleweights, has opened a boxing camp near the Esopus railroad station. He invites everyone from six to six to take up body building or boxing under his daily supervision. This colorful character came to the United States in 1903 after having earned a measure of fame as a gymnastic expert in France, Belgium and Italy. President Ted Lavinio of the Kingston Colonials recently dispatched a letter of thanks to B'nai B'rith for having the Colonial players as guests for the last boxing show. Lavinio also told Bill Singer, boxing director, that he was pleased by B'nai B'rith's decision to abandon boxing for the summer season in deference to organized ball.

**Varipapa Still a Champion:**  
Andy Varipapa, the Hempstead bowling great is the only holdover, on the 1948-49 All-America bowling team. The six selections are Connie Schwoelger, Madison, Wis., national match game champion; Stan Siominski, Newark; Bill Flesch, Los Angeles; George Young, Detroit; Buddy Bomar, Chicago and Varpapa. Young, who is well known in best leagues in Detroit. He averaged 218 in the Michigan Major; 213 in the Greater Detroit and 204 in the All-Star Classic. Young anchored his team to third place in the ABC. He averaged 233 for 18 games as his team won the Michigan State match title. The Detroiters shot 1778 ABC all-events with 650 in the singles.

**MULLIGAN MIKE: Some Americans live on credit—the Scotchman pays as he goes—unless he goes with someone.**

## Middlecoff's 265 Takes Greenbrier

White Sulphur Springs, W. Va., May 9 (AP)—Dr. Cary Middlecoff looked back today on his 15-under par 265 that brought victory in the Greenbrier Open golf tournament and opined he wouldn't be practicing dentistry again very soon.

A two-stroke triumph worth \$1,200 over Bobby Locke of South Africa in the 72-hole play concluded here yesterday put the slender Memphis star in the money for about the 56th time in his last 60 tournaments.

The win also was the fourth in his last 10 competitive appearances. In another four of those triumphs, Middlecoff finished second. In one other he was third, and in the Masters—where he was favored—he slipped to last money.

## K.H.S. at Home

Kingston High, seeking its first baseball victory of the season, meets Poughkeepsie Tuesday at 4 p. m. at the municipal stadium.

Reports on eggs laying by American hens show that on the average the hens in large flocks of 400 or more lay more eggs than hens in smaller flocks.

ershup last night with a 3,024 total, including handicap. Ilion No. 2 had 3,126. The Cortland Wildcats took third place with 2,981.

## MAJOR LEAGUE ROUNDUP

By The Associated Press

### By JOE REICHLER

It's not official yet, but there is a strong rumor the American League clubs are planning to ask for a congressional investigation of the Washington Senators—baseball variety.

They simply can't believe that the allegedly weak-hitting Senators, riding high on an amazing seven-game winning streak, have been using natural batting power.

They strongly suspect that President Clark Griffith, a well-known hobnobber with capitol brass, has been allowed free access to the secret atom bomb files in the Pentagon Building.

How else could anyone account for the 18 home runs hit by Washington players in the last nine games? Or the 70 hits in the Nats' last seven winning efforts?

### Trips Indians Twice

Washington's double victory over the Indians in Cleveland yesterday was by far the most amazing stunt of the young season. Joe Kuhel's unpredictables not only whipped the world champions in the opener, 7-3, but shut them out in the nightcap, 2-0, before 49,734 stunned Ohioans.

The double victory moved the Nats into a fifth place tie with Philadelphia's Athletics, only a half game away from the first division.

The New York Giants continued to combine power and finesse to humble the Chicago Cubs 10-1 for their sixth straight. The triumph gave the Polo Grounders undisputed possession of first place, as the Pittsburgh Pirates socked the Braves twice in Boston, 8-3 and 11-8.

The Athletics split a twin bill with the White Sox in Chicago, winning the second game, 3-2, after Chicago had walked off with an 11-3 victory in the first game. Bill McCahan notched his first success for the A's in the nightcap.

### Braves Routed

The double defeat dropped Bos-

ton out of a first place tie into third, one and a half games behind the Giants. The Bucs clubbed Johnny Sain out of the first game with a five-hit four-run attack in the opening frame. They came up with a six-run eighth inning in the second game to overcome an 8-5 deficit.

Brooklyn scored four runs in a wild seventh inning to come from behind and defeat the St. Louis Cardinals, 8-7, at Ebbets Field. The Dodgers made only two hits in that inning, but received three walks and benefited by Ed Kuhn's error. Glen Nelson led off the ninth with a triple, but relief pitcher Preacher Roe, former Redbird, retired the next three Cards without a score. The defeat dropped the Cards into a last place tie with the Cubs.

Cincinnati and the Phillies divided a double header in Philadelphia. The Reds won the opener 14-7 with a seven-run eighth inning. The Phils grabbed the nightcap, 8-1. The game was halted after six innings by Pennsylvania's curfew law.

**Yankees Rout Tigers**  
Lefty Tommy Byrne allowed only two hits pitching the American League leading New York Yankees to a 12-0 shutout victory over the Tigers before more than 52,000 fans in Detroit. The Yankees got 17 safeties, including four by Tommy Henrich, to snap Virgil Trucks' four game winning streak. The Bronx Bombers now have won 15 of their 19 games.

The Boston Red Sox took both ends of a doubleheader from the lowly Browns in St. Louis, 10-6 and 4-3. The first game went 13 innings and the second eight before darkness halted it.

The Athletics split a twin bill with the White Sox in Chicago, winning the second game, 3-2, after Chicago had walked off with an 11-3 victory in the first game. Bill McCahan notched his first success for the A's in the nightcap.

**Braves Routed**  
The double defeat dropped Bos-

ton out of a first place tie into third, one and a half games behind the Giants. The Bucs clubbed Johnny Sain out of the first game with a five-hit four-run attack in the opening frame. They came up with a six-run eighth inning in the second game to overcome an 8-5 deficit.

Brooklyn scored four runs in a wild seventh inning to come from behind and defeat the St. Louis Cardinals, 8-7, at Ebbets Field. The Dodgers made only two hits in that inning, but received three walks and benefited by Ed Kuhn's error. Glen Nelson led off the ninth with a triple, but relief pitcher Preacher Roe, former Redbird, retired the next three Cards without a score. The defeat dropped the Cards into a last place tie with the Cubs.

Cincinnati and the Phillies divided a double header in Philadelphia. The Reds won the opener 14-7 with a seven-run eighth inning. The Phils grabbed the nightcap, 8-1. The game was halted after six innings by Pennsylvania's curfew law.

**Yankees Rout Tigers**  
Lefty Tommy Byrne allowed only two hits pitching the American League leading New York Yankees to a 12-0 shutout victory over the Tigers before more than 52,000 fans in Detroit. The Yankees got 17 safeties, including four by Tommy Henrich, to snap Virgil Trucks' four game winning streak. The Bronx Bombers now have won 15 of their 19 games.

The Boston Red Sox took both ends of a doubleheader from the lowly Browns in St. Louis, 10-6 and 4-3. The first game went 13 innings and the second eight before darkness halted it.

## Week-End Sports

By The Associated Press  
Horse Racing

Louisville, Ky.—Cafumet's Pond-er (\$34.00) surprised by winning the 75th running of the \$100,000 added Kentucky Derby. Capot was second and Palestinian third. Olympia, the heavy favorite who finished sixth in Derby out of Prekness.

New York—Blue Lancer (\$11.20) won the \$15,000 added Swift Stakes at Belmont.

## General

Los Angeles—Mel Patton of the University of Southern California ran the 220 yard dash in 20.2 seconds, one-tenth off the world record. Patton also ran the 100 yard dash in 9.1, but a tail wind disqualified his chances for a record.

New York—Victor Henschke-witz of Brooklyn won the national four-wall handball championship, defeating Walter Piekman of Buffalo, N. Y.

## Golf

White Sulphur Springs, W. Va.—Cary Middlecott won the \$10,000 Greenbrier Open with a 72-hole total of 265, two better than South Africa's Bobby Locke.

Casablanca—Middleweight champion Marcel Cerdan stopped Lucien Krawczyk, France, in four rounds of a non-title bout.

Brussels—Tiberio Mitri, Italy, won the European middleweight boxing championship by outpointing titleholder Cyrille Delannoy, Belgium, in 15 rounds.

New York—Mordecai (three finger) Brown and Charles A. (Kid) Nichols, two great pitchers of the past, were enshrined in baseball's Hall of Fame at Cooperstown, N. Y.

## Yesterday's Stars

(By The Associated Press)  
**BATTING** — Ralph Kiner, Pittsburgh, collected six hits in Pittsburgh's double win over Boston, 8-3 and 11-8—three in each game—including his fourth home run, one of the longest ever hit in Braves' field.  
**PITCHING** — Tommy Byrne, Yankees, pitched two-hit shutout ball as the New York Yankees walloped the Tigers in Detroit, 12-0.

The Y.M.C.A. deserves your support, the drive closes May 10.

## Sweeps Winners At Twaalfskill

Duplicate winners featured the golf ball sweepstakes Saturday and Sunday at Twaalfskill Golf Club.

Judge John M. Cashin and Walton Fitzgerald tied Saturday with 78s, while George Schneider, Ed O'Reilly and Dr. Jack Lehner were involved in a triple tie Sunday.

A. B. Shufeldt and Dr. Rodney Ball tied 79 low gross Sunday, while Lew Smith shot low gross of 80 in Saturday's competition.

The results:  
**Saturday**  
Judge Cashin 88-10-78; W. Fitzgerald 92-14-78; Herman Gottfried 86-10-76; Fred Ebel, 94-14-76; Justice Harry Schirick 84-10-74.

**Sunday**  
G. Schneider 94-18-76; Ed O'Reilly 96-20-76; Dr. J. Lehner 92-16-76; R. Herzog 85-10-75; Ben Ashton 122-45-77; Allen Tobias 95-18-77; Ken Wood 97-20-77; H. Gottfried 80-10-70; Lou Ketter 90-20-70; Dr. R. Ball 79-9-70; Ernie Schirmer 80-8-72.

## Milton Man Held For Stabbing Wife

Cosie Hancock, 38, of Milton, was arrested by state police of the Highland sub-station on a charge that he stabbed his wife, Laurie, 35, during a brawl in their home 1:15 a. m. Sunday, state police reported.

Mrs. Hancock was taken to Vassar Brothers Hospital, Poughkeepsie, for treatment of a knife wound in her back which required six sutures to close, state police said. Hospital authorities reported Mrs. Hancock in good condition and said she will be discharged from the hospital today.

Following arraignment before Justice of the Peace William J. Upright at Highland Sunday morning, Cosie Hancock was brought to the Ulster county jail to await grand jury action. He was booked on an assault, third degree, charge.

## State Commission

await a D.P. before he is eligible; and substitution of a requirement of assurances of "suitable resettlement opportunities" and that the D.P. will not become a public charge.

4. Provision for entry of "political refugees whose admission is in the national interest."

5. An end to priorities for seniority in D.P. camps.

6. That the "30 per cent preference for agricultural pursuits only be eliminated and the occupational base be broadened to include farmers, household help, construction workers, clothing and garment workers and D.P.'s with scientific or technological skills needed in the U. S."

7. Creation of a revolving fund for loans to recognized voluntary agencies aiding in reception and transportation of D.P.'s upon arrival in this country.

8. A specific ban on issuance of a visa to "any one who advocated or assisted in persecution of others for race, religion or national origin."

The report said that New York state was the destination of 3,775 of the 9,522 D.P.'s who arrived up to last March 18.

## Ford Refuses...

off. They are employees at Ford plants in Los Angeles, St. Louis, Metuchen, N. J., Minneapolis-St. Paul and Iron Mountain, Mich.

Numerous small plants among Ford's 3,500 suppliers were also beginning to feel the pinch.

Mass unemployment was rapidly undermining business in Dearborn. The suburban community is built around the Rouge plant, and the shutdown had repercussions in every part of the town.

Thomas Thompson, president of Rouge Local 600, said, however, that "no needy union members will starve."

Elsewhere in the industry, 47-600 idled employees were due back at work today.

Hudson Motor Car Co. said 25-000 idled last week due to a shortage of brakes would be back. Briggs Manufacturing Co. recalled 16,800 idled Friday by a small walkout. And Chrysler Corp. planned to resume operations at its Plymouth plant, where 5,800 were idled by the shortage of Briggs car bodies.

The Library of Congress, established in 1850 by an act of Congress, is the largest library in the world.

## Y.M. Fund Drive To End Tuesday; Canvassers Named

Tuesday marks the end of this year's Y.M.C.A. financial drive which began April 28.

During the second report meeting last week it was announced that \$10,928.25 had been realized towards the \$22,000 goal.

Among the efficient and capable canvassers who have been assisting with the 1949 campaign are:

William Baker, Harold Bulz, Joseph Berryann, Joseph Brino, John Buzzarco, Walter Byrnes, Dick Campbell, Jacob Camp, Abel Carder, John Ceccerelli, Clarence Colligan, Art Crist, Gail DeVitt, Jack Devo, Tom Davitt, Floyd Elting, Herman Eaton, John Ferguson, Paul Freer.

Also, Jack Gierke, Mrs. Luella Green, Jack Gerber, Mrs. Walter Holtsapple, Fred Harder, John Rathmaker, Ted Hutton, Mrs. Arline Hatcher, Bill Hayman, Al Herb, Avon Holland, Ward Ingalsbe, Steve Kesseg, Dick Tallur, Bud Long, Janet Lyons, James McCauley, Lionel MacColey, Mrs. Emma McPhail, Joseph McAndrew.

Tommy Maines, Douw Meyers, Jr., Thomas Miles, Mrs. Thomas Otis, James Martin, Morton Harrison, Robert Murray, Mrs. Frank Naegele, Don Osterhoudt, Vincent Perry, Carl Parand, Frank Parkes, John Phalen, Jr., Ann Louise Plisi, Dick Risley, Harry Rowland.

Mrs. Julia Richmond, Mrs. Harry Reppert, Owen Riggs, Gus Schwowang, Clifford Smith, Harvey Semiot, Kieran Snyder, J. Steal, Tom Saccoman, Betty Salzman, Mrs. Doris Sampson, the Rev. Philip Saunders, Leah C. Schultz, Ed Schussler, Irving Schwartz, Irving Scott.

Joe Sills, Jr., Richard Smith, Don Smith, John Spader, John Steele, Bob Straley, William Sinsabaugh, Julius Teller, Mrs. Lulu Theil, Dee Titus, Mrs. Mary Thomas, Rudy Turck, Richard Tallur, Sr., Mrs. Clarence Van Demark, Louis Wiedeman, Mrs. Victoria Washington, William Washington, Ernest Winters and Robert Woodman.

Port Ewen, May 9—Miss Kathleen White and sister, Miss Win-nie White of Baltimore, Md., are visiting their grandmother, Mrs. Kate White in Port Ewen.

Mrs. C. D. Jump and grandson, Leighton Jump of Hensonsville, were the week-end guests of Mrs. Jump's son and wife, Mr. and Mrs. Harry C. Jump.

Mrs. Alanson W. Short will entertain the Ever Ready Club at her home tonight at 8 o'clock.

Leslie Davis of Hawthorne was a recent guest of his mother, Mrs. Henrietta Boese at Sunnyside.

Girl Scouts, Troop 51, will meet Tuesday at 3:45 p. m. at the Girl Scout room.

Mrs. Margaret Schroeder and Mr. and Mrs. Harold Burger and son, Billy, were Sunday guests of Mrs. Schroeder's sister, Mrs. F. J. LaPine.

Mrs. Violetta Terpening who has been spending the past few months at the home of Mr. and Mrs. George Sells has returned to her home in Ulster Park.

The Port Ewen Fife, Drum and Bugle Corps will meet tonight at 7:30 o'clock.

Mr. and Mrs. H. Gillette who have been spending several months at Sunnyside with Mr. and Mrs. George Sells have moved to Kingston.

Miss Dorothy Ellsworth who spent the week-end at her home on Green street has returned to New York.

## PORT EWEN

Port Ewen, May 9—Miss Kathleen White and sister, Miss Win-nie White of Baltimore, Md., are visiting their grandmother, Mrs. Kate White in Port Ewen.

Mrs. C. D. Jump and grandson, Leighton Jump of Hensonsville, were the week-end guests of Mrs. Jump's son and wife, Mr. and Mrs. Harry C. Jump.

Mrs. Alanson W. Short will entertain the Ever Ready Club at her home tonight at 8 o'clock.

Leslie Davis of Hawthorne was a recent guest of his mother, Mrs. Henrietta Boese at Sunnyside.

Girl Scouts, Troop 51, will meet Tuesday at 3:45 p. m. at the Girl Scout room.

Mrs. Margaret Schroeder and Mr. and Mrs. Harold Burger and son, Billy, were Sunday guests of Mrs. Schroeder's sister, Mrs. F. J. LaPine.

Mrs. Violetta Terpening who has been spending the past few months at the home of Mr. and Mrs. George Sells has returned to her home in Ulster Park.

The Port Ewen Fife, Drum and Bugle Corps will meet tonight at 7:30 o'clock.

Mr. and Mrs. H. Gillette who have been spending several months at Sunnyside with Mr. and Mrs. George Sells have moved to Kingston.

Miss Dorothy Ellsworth who spent the week-end at her home on Green street has returned to New York.

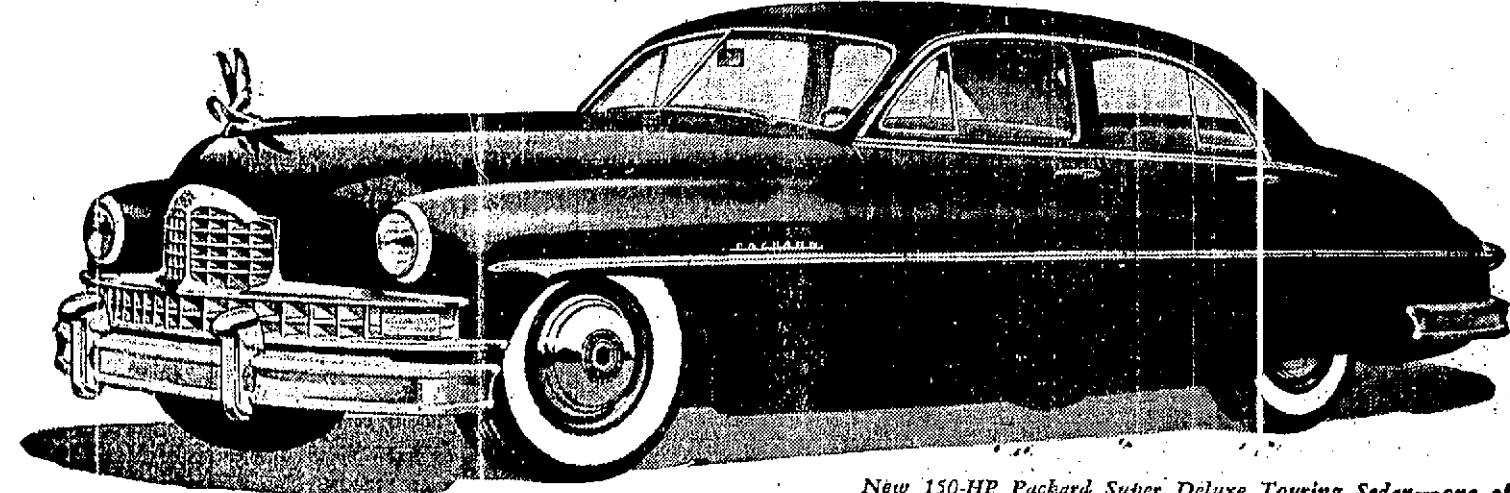

## York Is Reported Seriously Ill

Pall Mall, Tenn., May 9 (AP)—Sgt. Alvin C. York, 62-year-old hero of World War I, is in "serious" condition but refuses to go to a hospital.

Doctors said York suffered diarrhoea, intense vomiting and a recurrence of colitis late last week. Members of the family said the Congressional Medal of Honor winner also suffered a slight stroke the second in a year.

"We have tried to get him to go to a hospital," his physicians said, "but he insists on staying at home."

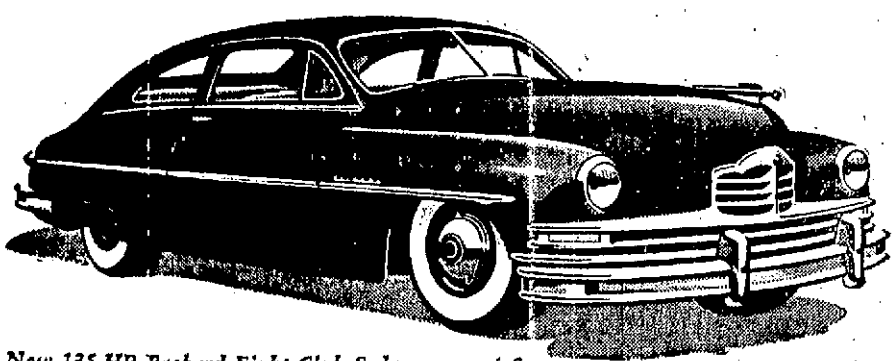

"He might pull through this and live for several years," they added, "but his condition now is serious."

## 'Revelation Ride' Campaign by Hudson

More than 300 Ulster county residents have accepted invitations from the Kingston Hudson, Inc., to take demonstration rides in the new Hudson cars. The "Revelation Ride" campaign, it was revealed today by A. E. Klein, president of the dealership which serves the Ulster county area.

In a statement in connection with the campaign, Mr. Klein said: "Millions have voted the new Hudson America's most beautiful car, but these millions of people can never know the exciting advantages this beautiful automobile offers them until they drive and ride the new Hudson."

"That's why we are setting out to take the people of Ulster county for a 'Revelation Ride'—to thrill them with the knowledge that their visions of a great post-war car have been fulfilled."

"The 'Revelation Ride' campaign was launched with a nationwide broadcast celebrating Hudson's 40th anniversary and carried by 513 stations of the Mutual Broadcasting System."

"Our invitation for a 'Revelation Ride' will be extended to our friends and neighbors over the radio, in the magazines and newspapers, on outdoor display boards and through the mails."

"It is our intention to help the public to understand and appreciate all the remarkable advantages the new Hudson brings them, by making it possible for them to ride in, and drive, the new Hudson."

## Tobin Gives Talk On Problems of Educators in U.S.

James E. Tobin, director of guidance at Kingston High School, was speaker at the meeting of St. Mary's Holy Name Society Sunday evening. He was introduced by the Rev. Edmund J. Farrelly, spiritual director of the society.

Calling attention to the fact that the June graduation class of 390 at the local high school will include only 65 per cent of the total number of pupils that entered the ninth grade four years ago, the speaker declared that guidance is based on the fact that human beings need help.

"We have only to look around us and see the conditions that confront our friends and ourselves to be convinced that human energy is wasted. Lives are misspent and misery and disaster result from a lack of attention and from unwise selection of occupation, recreation, companions and educational opportunity."

His reminder of the number of pupils in this year's graduation class emphasizes that guidance is vitally needed.

"Five hundred young people, or 35 per cent of the group entering the school in September 1945, are known as 'Drop outs,'" the speaker said, and he added, "this problem is indeed a serious one."

**Reasons for Leaving**  
Breaking down the reasons for these students leaving school, the speaker observed that the major reason for young people dropping out of school can be traced to the following factors:

Approximately 60 per cent leave because of dissatisfaction with school; 20 per cent leave because of economic needs of the family; 10 per cent because of the lure of a job; 20 per cent of the remaining group leave because of various reasons such as marriage, moving out of the community, juvenile delinquency, retardation, failure or illness.

Tobin explained it is apparent that if the schools are to accomplish their purpose, there is still a great deal to be done in order to provide education for boys and girls. "Guidance," he said, "must go further to establish a program of education which will prevent this large number of youngsters from leaving the public schools."

The speaker listed these solutions to accomplish this goal: "We must analyze our teaching practices, promotional plans, grading system, elementary schools and the secondary program. We also must realize that guidance must begin at an early age."

The speaker also questioned whether the young people of today

are acquiring the proper outlook towards life in general. "Do they know what responsibility means?" he asked. He also asked, "Do they realize that you give one day's work for a day's pay and do they realize that life is not the 'royal road' but a road filled with competitive road blocks and obstructions that will tax their strength of character and Christian living?"

Answering his own questions in a negative manner, Tobin asserted that the present educational program, not only on the secondary level, is too highly geared for the accomplishment of technical developments. "We have forgotten the importance of training young people in the social implications of life," he said.

**More Subjects Needed**  
"The solution to these problems," he pointed out, "lies in the fact that we must bring back into our public schools more subject in the field of general education. We need subjects that will develop in our boys and girls a greater insight into the need for the use of our technical developments in providing a greater social economic standard for all mankind," he added.

Tobin also brought the subject of parents into his address when he said "The parents can be drawn more clearly into the orbit of the school and solve the problems concerning the parents, the child, and the school can be cooperatively worked out for the best interest of the child."

In fact the more the parents abdicate their responsibilities toward their children, the more the home will be undermined. Parents must readily understand and what the school can do for boys and girls, and only what parents can do for them.

Summing up his talk, the speaker reminded his listeners, "The schools have a long way to go before they can realize our ideals of equality, solidarity and universal justice. However, we can readily transform the quality and quantity of our educational institutions if we use the principles of human forces engendered by cooperative living and prove that our democratic processes are more than equal to the task."

## School For Police Training Is Opened

The opening session of the three-day police training school was conducted this afternoon at 1:30 o'clock at the county courthouse. The school is being conducted in cooperation with Ulster County Sheriff George C. Smith and Chief Raymond Van Luren of the Kingston Police Department.

Another session will take place tonight at 7:30 o'clock. Other afternoon sessions are scheduled for Tuesday and Wednesday at 1:30 and again during the evening hours at 7:30 on both days.

This year's school is being held as part of the long-range training program sponsored by the New York State Sheriff's Association and the New York State Association of Chiefs of Police.

This year's course, which will take the form of a major case investigation involving a homicide and robbery, will feature active participation of members present in solving the crimes.

Instructors for the courses will be provided by the Federal Bureau of Investigation.

## Woman, 2 Others

day said that Arthur Goodman, Cottekill, owner and operator of a pick-up truck was headed east on North Front street, "and when his car had just passed the intersection of Green street, a woman ran from the curb and into the path of his truck."

The impact, it said, "caused her to be knocked to the pavement." She was treated at the scene and later removed to the hospital by ambulance.

In another accident reported at 8:20 p. m. Sunday, Susan Phelan, 14, of 86 Foxhall avenue, "suffered a compound fracture of the left leg" and was taken to Kingston Hospital by ambulance.

The report said that Jacob Palkoff, 49, of 402 Albany avenue, said he was headed north on Foxhall avenue, and had passed Hasbrouck avenue when the girl and Richard Matthews, 16, of 16 Charlotte street, "ran into the side of the car." Matthews was not hurt, the report said.

Lee Kovacs, 14, of 318 Washington avenue, according to another police report at 2:30 p. m. Saturday, suffered slight injuries when a bicycle he was riding and an auto were in collision on Green, near John street.

The report said that John B. King, 42 Howland avenue, op-

erating a sedan, owned by his father, Robert King, same address, was headed south on Green street. King was taken to a doctor for treatment of a knee laceration and multiple contusions.

**Case Is Adjourned**  
Justice of the Peace John O. Beaver of Esopus announced today the case of Walter G. Pilz, 25, of Port Ewen, has been adjourned until Monday, May 23. Pilz was arrested by deputy sheriffs Friday night on an assault, third degree, charge. He has been released on \$100 bail to await hearing.

Approximately 150 to 200 gallons of oil are required to supply the fuel value of a ton of coal.

**Radio Servicemen's Meeting**  
On May 4 the Kingston Radio Servicemen's Association held its monthly meeting at the White Horse Inn, Woodstock. The next regular meeting will be held in Phoenixia. Special television service meetings, sponsored by the General Electric Company of Syracuse, also will be held this month. The further study of problems of television broadcasting, relaying and rebroadcasting will be made in a visit to an operating television station. Through the cooperation of radio manufacturers and publishers, an up-to-date library has been started.

Kingston boys need many friends. Give to the "Y" drive.

Wheel Alignment — Brake Service — Body and Fender Work  
Motor Service — Towing — Cushman Motor Scooters

**ALBANY AVENUE GARAGE, Inc.**  
ALBANY AVE. & WRENTHAM ST. PHONES 161 or 2517

**"Activated" Shell Premium is the most powerful gasoline your car can use!**

**YES**, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated." No other fuel can top its power in your car!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods!

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated" 3 ways!

- 1. Activated for knockless power!**  
Pulling hard in low gear or traveling at full throttle, Shell Premium delivers full, quiet power!
- 2. Activated for fast "getaway."**  
Shell Premium delivers the extra power you can feel—no "balking," no "stuttering"—you go!
- 3. Activated for full mileage.**  
Shell engineers "balance" Shell Premium so that every drop of fuel goes to work for you!

Shell splits molecules! Shell scientists take the finest available crude—activate the molecules by splitting them and rearranging the atoms according to Shell's formula for a perfectly balanced gasoline. The result—Shell Premium, the most powerful gasoline your car can use!

Activation makes the difference
